4 KILLED, 100 WOUNDED IN RIOTS IN ITALY; STRIKES CALLED IN THREE CITIES

KICK BY PLAYMATE CAUSED DEATH OF BOY

East St. Louis Lad, 7, Developed
Meningitis After Fall
Down Steps.

A playful kick by a playmate, followed by a fall down several steps, was responsible for the death of Clarence J. Galbraith, 7 years old, son of William Galbraith of 1810 Cleveland avenue, East St. Louis, according to the verdict of a coroner's jury yesterday, in which spinal meningitis is given as the cause of death.

The testimony was that Clarence was a pupil at St. Joseph's Parochial School, and a week ago, after school had been dismissed, and the children were descending the outer steps of the school building, a playmate kicked the lad, causing him to fall. He was able to continue on his way home, but that evening complained of his back hurting him.

Dr. Thomas I. Stines was called and last Friday diagnosed the ailment as anticipated, spinal meningitis. He said he was unable to say whether the fall was responsible for the lad's condition, or whether the symptoms were created through some other source. He administered a preventive serum, and repeated the administration Sunday, but the affliction had gained such headway that death resulted last Tuesday.

LONG INVITES SUIT FOR LIBEL BY MERIWETHER

Candidate for Senate Says If Statement
to Courts Is Open.

The statement made yesterday by Lee Meriwether, former assistant to the American Ambassador at Paris, in reply to a statement of Breckinridge Long, former Third Assistant Secretary of State, now Democratic nominee for United States Senator, was read to Long by a Post-Dispatch reporter last evening by long distance telephone. Long being in Richmond, Mo. After hearing Meriwether's statement, Long said: "If what I have said of Mr. Meriwether is found to be incorrect, he may sue me for libel."

Long, in his statement, given out yesterday in Kansas City, said Meriwether's resignation was by request, and that this occurred after Meriwether, "by the abuse of his diplomatic privilege," had in a letter mailed in France a letter addressed to Germany, inclosed in another letter sent to Switzerland. Meriwether said, in his reply, that he was not asked to resign, and that, in mailing the letter in question, he was a friend, he did not make use of any special diplomatic privilege, and did not know that it contained a letter destined to Germany. The occasion for Long's statement was Meriwether's announcement of his purpose to vote the Republican ticket.

FOUR HORSES FINISH 300-MILE TEST IN LESS THAN MINIMUM

Animals in Army Endurance Trial
France About Waiting to Cross
Finish Line.

CAMP DEVENS, AYER, Mass., Oct. 15.—The Arab horse Grabth and Rusten Bay today led the field to the finish here of the 300-mile endurance test for cavalry mounts, which began at Fort Ethan Allen, Vermont, last Monday. They finished in good condition, with spring step, after a run of 60 miles from Concord, N. H., this morning, 41 minutes ahead of the minimum for checking in.

Half an hour later the army remount service's grade thoroughbreds, Mlle. Denise and Bunkie, which had been in the van for the first three days, came in, also within the time limit, and all four pranced about the camp until they could officially cross the finish line.

F. W. CHICKERING DIES AT DANCE

CHICAGO, Oct. 15.—Alleging her husband, Richard ("Rube") Marquand, former Brooklyn pitcher, deserted her in 1918, Blanche Selby, nee Selby, today asked for a divorce. The presiding judge indicated he would sign the decree within a few days. Recently Marquand was found guilty of ticket scalping during the world's series.

Meetings Held Throughout Country Demand That Government Recognize Soviet Russia.

RELEASE OF POLITICAL PRISONERS ASKED FOR

Newspaper Building Burned at Trieste; American Consul Narrowly Escapes Being Shot.

By the Associated Press.
ROME, Oct. 15.—A general strike has been declared in Trieste, Bologna and Brescia, the Messagero announces today.

Fourteen persons were killed and 100 wounded during the rioting at San Giovanni Rotondo yesterday.

According to the accounts the casualties occurred as the result of Socialists taking possession of the City Hall and attempting to hoist the red flag. The invading forces, it is declared, fired at the carabinieri and the latter, reinforced by troops, returned the fire. The messages said that a general strike has been proclaimed there.

The following resolution was passed at meetings held throughout Italy during the strike:

"The proletarian protests against the reaction which is oppressing workmen and soldiers. It asks the immediate liberation of all those persons arrested and condemned for any political or military crime in action or in thought. It protests against the severe Jesuitic attitude of Italy and the other Entente countries to the detriment of Communist Russia. It demands that the Italian Government shall not further hinder brotherly or commercial relations between the two peoples."

Strikers and Police Clash in Milan —Bombs Thrown at Hotels.

By the Associated Press.
LONDON, Oct. 15.—Many persons were killed and others wounded at various places in Italy during a two-hour strike Thursday, says a dispatch to the London Times from Rome.

Nine persons were killed at San Giovanni Rotondo, four were killed and 14 wounded in Bologna, and one man was killed and several men injured in a clash between strikers and the police in Milan.

Bombs were thrown at several hotels in Milan, including the Hotel Cavour, where the British delegation to the League of Nations conference are staying. No one was injured, however.

The Milan, including a Socialist newspaper were set on fire.

A dispatch received in London Wednesday night said the leaders of the Italian Socialist party and of the general confederation of labor in Italy had published a joint manifesto in the Avanti of Rome, ordering demonstrations in every town in Italy on Thursday. This object of the movement, it was stated, was to force the Italian Government to recognize Soviet Russia.

A Rome dispatch received here says that there was only partial suspension of work in the Italian capital Thursday. The operatives on the street cars suspended work, but the streets were virtually normal.

The rioting in Bologna, the dispatch says, was due to extremists attacking the police barracks. The dead in that city included two policemen. The town was quiet to-night, but work will be suspended tomorrow as a sign of mourning for those killed in the street fights.

Newspaper Office Set on Fire in Trieste Demonstration.

By the Associated Press.
TRIESTE, Oct. 15.—Nationalist demonstrations followed the calling of a general strike in this city yesterday. A newspaper office was set on fire last night and troops were called out to patrol the streets.

Joseph E. Haven, the American consul here, narrowly escaped death in the wild firing attending today's disorders.

MISSOURIAN ASSASSINATED

Special to the Post-Dispatch.
MACON, Mo., Oct. 15.—An inquest was held this morning on the body of Roy Sned, 24 years old, a miner, who was found shot in the back of the head yesterday afternoon by school children near Kato, Macon County. Sned had a posthumous county. It is stated that a girl in the neighborhood saw the flash of the weapon with which Sned was killed.

There are clear footprints in a thicket along where the murderer stood when he fired the shot.

WOMEN IN MOVE TO INSURE HIGH QUALITY OF MILK

Distrust of Character of Supply
From Remote Points
Basis of Call for Meeting
on Oct. 25.

ENFORCEMENT OF ALL SAFEGUARDS PLANNED

Council of Jewish Women
Reports Complaints of
Trouble Among Infants
From Milk.

Distrust of the quality of the milk now being distributed to St. Louis householders is the basis of a call for women to assemble in Hotel Statler on Oct. 25 and begin an effort to obtain better safeguards for the city's supply.

The call is by the Council of Jewish Women, seconded by the League of Women Voters, and is directed especially to women's and civic organizations and to housewives in general.

Dr. Carl L. Alsberg, chief of the Bureau of Chemistry of the Department of Agriculture, who has direction of the enforcement of Federal pure food laws, has accepted an invitation to tell at the meeting what Federal authorities regard as proper safeguards to insure pure milk.

The four large milk distributors who supply about 80 per cent of the city's supply, have been requested to supply the Southern Illinois Milk Producers' Association, has been suspended by refusal of the distributors to pay \$2.50 per 100 pounds as demanded.

Complaints as to Milk.

Arrangements for the meeting are being made by Mrs. M. G. Seelig, of 4952 Park View place, wife of Dr. M. G. Seelig, and Mrs. Virgil Loeb of 6151 Waterman avenue, wife of Dr. Virgil Loeb, both of whom are members of the Civic Committee of the Council of Jewish Women.

Mrs. Seelig said yesterday that their consideration of the character of the city's milk supply had been prompted by observations of milk delivered at the homes of members of the council, and by complaints from other sources. She said it had been noted that the cream line on bottled milk was shrinking, and that souring set in within a few hours after receipt.

"Milk is from four to five days old when it is delivered to St. Louis householders," she said, "it is being shipped great distances, and its quality suffers in consequence. We have investigated sufficiently to lead us to believe that when the supply is obtained in Ohio, Indiana and Michigan is insufficiently distributed, and is using powdered milk to fill out the required number of gallons."

"St. Louis has no knowledge of the conditions under which milk was being consumed here as produced. Housewives commonly are of the opinion that it is inferior to milk formerly received from Southern Illinois. We know also that many dairies do not always send us pure milk. We have been told by a member of the Health Department that quantities of the milk sent here from Illinois were not decent."

Purpose of Meeting.

"Our purpose at this time is to demonstrate to authorities that St. Louis women demand full enforcement of present protective legislation, and that legislation be amended where it does not fully protect. The Health Department has insufficient funds to properly inspect the milk. We are told that much of the pasteurization in St. Louis is imperfect, even in some of the larger dairies, and that in many dairies there is no pasteurization. We also are told that many dairies do not serve whole milk, but skim or water it down to the 2 per cent butter fat requirement of the city ordinance. The consumers of St. Louis are entitled to milk as it comes from the cow. We propose to seek co-operation of Federal, State and city agencies having jurisdiction over milk and to demand of them that our milk be kept pure."

Mrs. Seelig said that she and other members of the Council of Jewish Women had personal knowledge of infants suffering from intestinal troubles at this time, due, apparently, to the character of the milk.

The St. Louis milk distributors today offered to pay the Southern Illinois Milk Producers' Association a price for 100 pounds each month equal to the value of milk for the making of butter, plus an allowance for skim milk and the sum of 25 cents for each 100 pounds for expense of hauling. It was pointed out that under this rule the October price would be \$2.50. Previously the distributors had offered to pay \$2.50 for 100 pounds but the producers are still holding out for \$2.60. The producers have been on strike since Sept. 15, and are considering joining the American Federation of Labor.

NEGRO ADMITS 50 BURGLARIES IN LAST 3 MONTHS

Man Who Says He Has No
Home Was Arrested Last
Wednesday When Prowling
at 4:30 A. M.

YOUTH NAMED AS HIS ACCOMPLICE HELD

Prisoner's Description of
Homes Robbed Borne Out
by Police Reports on Robberies.

More than 50 burglaries and one highway robbery, all committed in the last two and a half months, were confessed to the police today by Walter Ridley, 28 years old, a negro who says he has no home. He named as an accomplice John Campbell, 19, a negro, of 3925 West Belle place, who also was arrested. Campbell said he knew Ridley, but denied aiding him in burglaries.

Ridley was arrested while prowling on Whittier street between Olive street and Washington avenue at 4:30 a. m. last Wednesday. When asked to give an account of himself he was held. In telling of burglaries he gave the approximate location of about 50 homes he had robbed with details which were verified from police reports made at the time.

The highway robbery which he confessed was that of Thomas A. Shelton of 4095 Westminster place, at 7 p. m. Oct. 7. He said he and Campbell "strong-armed" Shelton in Culver's restaurant, where he was working, and dragged him into an alley and took \$10 from him. Shelton reported this robbery.

Tells of Entering Homes.

Another crime which he confessed was that on the night of Sept. 21 he entered the home of Miss Mabel Avis, a Mary Institute teacher, at 4115 Delmar boulevard, grabbed her and forcibly took from her a \$200 diamond ring and a purse containing \$8. He lost the ring, he said, while escaping through an alley.

At about 2 a. m. Oct. 21, he said he entered the home of Mrs. Mary Roes, 4217 Washington boulevard, and stole an overcoat and other clothing. He said he was scared away when somebody got up. Mrs. Roes' report of the robbery agreed with his confession. Members of the family identified him as a negro they saw prowling about the neighborhood before the burglary.

Ridley's biggest haul mentioned by him in his confession was at the home of George Brucher, 4351 Lindell boulevard, on the night of Sept. 6, where he said he and Campbell stole \$113 and jewelry valued at \$425. Campbell, he said, kept \$110 and gave him \$3 and the jewelry.

Tells of Being Fired On.

He told of being shot at while robbing the home of Arthur F. Schmitt, 4321 Leachman avenue, Sept. 12. He said he went in after forcing a pantry screen, and Campbell was the lookout. Mrs. Schmitt awoke. She reported to the police that she caught her husband in the act of burglary. Ridley said Campbell fired some shots from the outside.

In a circumstantial account of the robbery of the home of O. B. Short, 4245 McPherson avenue, where \$245 was stolen, Ridley told of seeing Mrs. Short lying asleep on a bed with a newspaper near her and a reading lamp burning.

Telling of the attempt to rob the home of Nicholas Pederspiel, 4167 Maryland avenue, Oct. 1, Ridley said he was frightened away when a man asked: "Is that you, Frank?" Pederspiel had been told this detail in a report to the police.

Stopped at Ice Box at One Place.

An odd robbery was the one which he confessed having committed at the home of Charles Sommers, 4245 Maryland avenue, the night of Sept. 2. He got no further than the ice box, he said, and there he found a dish of corn, a dish of squash and a bottle of milk at the home of Lucien E. Jones, 2935 McPherson avenue.

One of Mrs. Culver's purses, empty, was found in a clothes hamper in the Jones home after the robbery.

Ridley said that on the night of Oct. 5 he entered the home of Dr. Len Mohr, 4431 Washington boulevard, and stole jewelry and clothing valued at \$200.

After such robbery, he said, he would pawn stolen articles and throw away the pawn tickets. He accompanied the detectives to several pawnshops and second-hand stores, where he said he had disposed of goods, but the proprietors denied they had any dealings with him.

\$25,000 FOR PROOF LEAGUE ABRIDGES AMERICAN RIGHTS

Pro-League Independents Offer
Cash to Harding, Johnson,
Hays or Anyone Else.

By the Associated Press.
NEW YORK, Oct. 15.—Democratic national headquarters today announced a cash prize of \$25,000 had been offered by the Pro-League Independents to Senator Harding, Senator Johnson, Senator Borah, Senator Lodge, Chairman Hays of the Republican National Committee or anybody else in the United States who could first prove that the League of Nations would "abridge the sovereignty of America."

Prof. Irving Fisher of Yale University, chairman of the Pro-League Independents, explained that, under terms of the offer, essays must be received at 17 East Forty-first street, New York City, by Oct. 22; that each member of a group of 12 citizens would be appointed jointly by George White and Will M. Hays, chairman of the Democratic and Republican National Committees—all to be Republicans if desired by Mr. Hays; and that in case the jury was not unanimous, half the prize still may be awarded, provided a majority of the jurors so vote.

"This announcement is intended for every newspaper in the United States," Prof. Fisher said, "and is being given for distribution to the various press associations with the request that each newspaper publishing it, send to the pro-League Independents here, a marked copy of the statement, containing it, so that the independents may report on how many newspapers of each party publish or fail to publish it."

"If Mr. Hays admits that such statements and notions are unproved, unprovable, untrue and absurd, he is respectfully asked to publicly state to state, and also to publicly state, that he is requesting his speakers, press bureau and Republican newspapers to cease making such false statements."

RESTAURANT OWNER FINED FOR DISTURBING WAITRESS' PEACE

Edward A. Benish Assessed \$15 On
Charge of Spitting on Woman's
Dress.

Edward A. Benish, proprietor of a cafeteria and grillroom on Eighth and Olive streets and secretary of the Hotel and Restaurant Men's Association, was fined \$15 in Police court today on a charge of having disturbed the peace of Miss Eliza Benish, a striking waitress, who has been doing picket duty in front of Benish's place.

Miss Norton, corroborated by Miss Carrie Bennett, another picket, testified that at 1 p. m. last Friday, Benish, wearing a cook's coat, apron and cap, appeared at the Eighth street door of his establishment, and, after calling her names, spat upon her dress.

Benish denied having spit at Miss Norton. He said he may have spit upon the sidewalk. He also denied calling her names. Benish said he would appeal.

MILLION BRITISH COAL MINERS ARE TO GO ON STRIKE TOMORROW

STRIKING WAITERS FAVOR ABOLISHING TIPPING SYSTEM

Executives of Union Assert
Practice Is as Repulsive to
Members as It Is to the
Public.

WAGES HERETOFORE DECLARED INADEQUATE

Officials of Organization
Again Declare Their Willingness to Submit Demands to Arbitration.

Union waiters and waitresses desire to eliminate the tipping system, and to that end want a wage scale that will be adequate to their needs, according to a statement given out today by the Local Joint Executive Board of the Hotel and Restaurant Employees' International Alliance, 250 members of which have been on strike since Oct. 1 as a result of the Associated Hotel and Restaurant Owners having adopted an open shop policy.

After reviewing the strike situation, in which it was pointed out that the strikers had repeatedly offered to submit the controversy to arbitration, the statement concludes with the following paragraph:

"The wages paid to waiters and waitresses are inadequate and not a living wage, and have only been considered as part of the wages of those employees, the balance being made up by tips from patrons. It is the desire of our organization to have our wages made adequate to our needs, so that employees will be paid on an equal basis according to services rendered."

"Tipping System Repulsive."

In amplification of that part of the statement, Jesse K. Keller, secretary and chairman of publicity of the Local Joint Executive Board, said to a Post-Dispatch reporter that the tipping system was as repulsive to members of the union as it was to the public, and that it was not believed in the so-called tipping system. "The waiters and waitresses have smarted beneath the tipping system," he said, "and have longed to make it independent of it. They realize it is unjust to both the employees and the patrons. The employees based the wage scales according to the average amount of tips received. There was no equality in that system, because some waiters and waitresses received more tips than others. Consequently a majority of the employees want the tipping system abolished, and the place want a wage scale that will do them justice."

Contract Violation Denied.

Keller said that it was not true, as the employers had contended, that the waiters violated their 1919 contract by threatening to strike a year ago unless given an immediate increase in wages. He said that increase was given voluntarily by the employers.

Keller further stated that none of the members of the striking unions had returned to work, and that such employees who are now working in hotels and restaurants affected by the open shop plan are not now and never were members of the unions. He pointed out to a board of arbitration that the local joint board stands ready at any time to submit the controversy to a board of arbitration, and that in the manner provided in the working agreement which expired Sept. 30.

Connetts Reiterates Charge.

W. C. Connetts, attorney for the Association Hotel and Restaurant Owners, today reiterated a statement he had previously made that union waiters and cooks, in violation of their 1919 contract, refused last October to submit a question of increased wages and changed working conditions to arbitration, and gave the employers 24 hours to grant their demands. "The increase was granted to prevent a strike at that time," said Connetts.

HALLE, Germany, Oct. 15.—"When we left for Moscow several months ago, Daumig and Stoecker (members of the German Economic Mission to Russia) advised me to put my pockets with iron nails, one of which, they said, would readily be accepted throughout Soviet Russia in payment for courtesy or service."

The information was conveyed by Herr Criespien to the delegates of the Independent Socialist convention yesterday during the course of a heated debate over the issue of accepting or rejecting the Soviet conditions.

Yesterday, the Socialist organ, says that Criespien's unique revelation provides a most penetrating commentary on present economic conditions in Russia, and recalls the procedure of missionaries and explorers who won over the African natives through gifts of beads and mirrors.

The proceedings at the congress were very boisterous. Herr Daumig's vehement denunciation of Russian communism exciting the extremists to the boiling point.

By the Associated Press.
NEW YORK, Oct. 15.—Payment of the \$500,000,000 Anglo-French loan, maturing today, was completed this morning at the banking house of J. P. Morgan & Co., syndicate managers of a countrywide group of banks which underwrote the loan in 1915.

It is understood that payments will involve more than \$200,000,000, the greater part of which will represent the French portion of the obligation, England having anticipated the major part of her share.

Today's payment is the largest ever made in connection with an international transaction, but banking interests believe that it will be accomplished with a minimum disturbance to the money market.

By the Associated Press.
LONDON, Oct. 15.—Unless some wholly unforeseen intervention develop, more than 1,000,000 coal miners throughout the United Kingdom will begin a strike tomorrow and the country's all-important coal industry will be paralyzed.

This decision was reached this morning at a conference of the miners' delegates, who announced that in view of the Government's unsatisfactory reply to the miners' claims for an increase in wages there was nothing left to do but strike.

It was announced that some of the men in the engineering departments would remain at work to keep the mines in order.

The miners' demands are for a wage advance of two shillings (about 20 cents) per shift, and a reduction of the price of coal to the public amounting to about \$2.50 per ton.

Ban on Export of Coal.

Coincident with the strike decision came the announcement that the Government had placed a ban upon the export of coal, which move will have far-reaching effects upon neighboring countries more or less dependent upon Great Britain for their supplies.

Many of the British industries, notably in the iron and steel branches, and some of the shipbuilding and engineering works, already are arranging to close down.

The question whether the railway men would unite with the miners was the subject of deep concern today, but no indication as to the course was forthcoming from the railway union.

The Government has made every preparation to cope with the situation, but no indication as to the course was forthcoming from the railway union.

The Government has made every preparation to cope with the situation, but no indication as to the course was forthcoming from the railway union.

Trains Would Be Taken Off

The Ministry of Transport today issued a statement regarding the railway service in the event of a coal strike. It says the passenger service would not be called the first two or three days of the strike, full service being kept up to allow the people to travel home. After that pressure has subsided, however, there would be a reduction in passenger service of from 10 to 25 per cent.

In connection with the embargo on the export of coal the Government this afternoon prohibited foreign ships from taking bunker coal. The Executive Committee of the miners' federation yesterday went on record, six to one, for the strike. This was a larger proportion against the terms of the owners than was shown even in the overwhelming vote of the miners, who rejected the plan of guaranteeing increased production in return for increased wages.

"There is a bitter spirit among the men," said Herbert Smith, president of the Yorkshire miners, "and if the Government refuses to give way, only starvation will defeat the miners, and they would as have then in a discontented spirit. Any further parleys will lead to the danger of sectional strikes. The question of referring the question to a tribunal now has a poor chance of acceptance."

Irish Labor in Conference.

The executive committee of the Irish Trades Union Congress and Labor Party has accepted an invitation from the "council of action" of the British Labor party to a joint consultation on the Irish situation.

DESPITE HIGH FEVER

Reports Reaching Paris Indi-
cate Greece May Be De-
clared Republic Should
Alexander Fail to Recover.

By the Associated Press.
ATHENS, Oct. 15.—The grave
character of the malady from which
King Alexander of Greece is suffer-
ing was emphasized yesterday by
Dr. Georges Vidal, the noted French
specialist, who is in Athens, attend-
ing the king in the illness caused by
the bite of a monkey nearly two
weeks ago. Dr. Vidal expressed the
opinion that the gravity of the
king's disease was indicated by the
persistence of the jaundice with
which he has been affected, and by
the fever which also was continuing,
having lasted all night.
Notwithstanding the fever, the
king appeared to rest calmly during
the night. Today's bulletin on his
condition said:
"The king passed a quiet night.
His temperature varied from 100.4 to
101.5. This morning at 10 o'clock
his temperature had fallen to 100.4.
His pulse was 100.
"Prof. Vidal continues to believe
the strong constitution of the king
warrants hope for his recovery."

Special Cable to the Post-Dispatch.
PARIS, Oct. 15.—Greece may see
its monarchical system abolished and
a republic ushered in, as the effect
of the foreign office is to the
of Greece has small chance of sur-
viving the grave developments in-
duced by blood-poisoning, which set
in after one of the monkeys in the
Palace Park bit him in a moment of
violent irritation.
Reports at the French office from
the monarch's sick bed said last eve-
ning that the physicians in attend-
ance, among them Prof. Georges
Vidal of the Paris Sorbonne and
one of the world's greatest special-
ists in blood-poisoning, who rushed
to Athens at the telegraphic request
of the Greek Council of Ministers,
despaired of saving the life of the
patient. Slight improvement in the
king's condition came late last
night, according to bulletins for-
warded to the Quai d'Orsay, but the
correspondent learns that word re-
lates to the foreign office is to the
effect that there is not much hope
among the doctors that the patient
can pull through.
Probable Solution of Crisis.
That former President Venizelos
may set up an Hellenic republic
with himself as first President, is
deemed to be the most probable so-
lution of the dynastic crisis which
will occur in Athens in case of the
young ruler's death. Various can-
didates for the throne will, of course,
come forward, not the least of the
claimants being former King Con-
stantine, the monarch's father, who
is reported as more hopeful than
any of returning to power. Accord-
ing to information received by the
correspondent from Guy O'Sullivan,
Irish aristocrat and adventurer,
who recently spent several days at
the exiled monarch's chateau in
Switzerland, the former King, known
now as Count, has many ardent fol-
lowers in Greece and among his
Greek fellow exiles in Western Eu-
rope.

Constantine need not expect any
support from either the French or
the British Government. This much
was intimated to the newspaper men
at the Quai d'Orsay. It is believed
that rather than permit him to re-
tain the throne those Governments
who are among the sponsors of the
present Greek monarchy, with its
Danish dynasty, probably will ap-
prove what is believed to be the
Venizelos design of establishing a
republic on the ruins of the throne.
Prince Arthur of Connaught, son
of the Duke of Connaught, and cou-
sin of King George of England, is
prominently mentioned as a likely
successor to the crown, should King
Alexander succumb, and should the
monarchy be maintained. Another
contender for the throne will be
Prince Sixtus of Bourbon-Parma, ac-
cording to information obtained by
the correspondent at the Foreign
Office.
Ministers Discuss Expediency.
That the king's death would be
graver than generally thought out-
side the sick room, was revealed
when it became known here that
the council of Ministers in Athens,
under Premier Venizelos, had dis-
cussed the expediency of proclaim-
ing a regency pending the king's
recovery, or in the event of his
death.
Persons supposed to be well in-
formed on the secret ambitions of
European royalty predict that Alex-
ander's death would incite a sharp
contest for spoils among various
royal houses that are nursing de-
sires for influence in the countries
of the Eastern Mediterranean, with
the odds in favor of the Duke of
Connaught's son, as both the Duke
and the Prince are known in Balkan
countries, where they enjoy much
popularity.
On the other hand, Venizelos is
thought to have tired of the eternal

WRITTEN CONFESSION BY COUGHLIN KIDNAPER

"The Crank" Says He Had No
Intention of Harming Child
When He Stole It.

By the Associated Press.
PHILADELPHIA, Pa., Oct. 15.—
District Attorney F. X. Renninger of
Montgomery County has given out a
confession alleged to have been written
by Augusto Pasquale, "the crank," in
which he tells in detail
the kidnapping and smothering of 13-
months-old Blakely Coughlin. The
alleged confession in its essential
points follows the one given out sev-
eral days ago by Maj. Lynn G. Ad-
ams, superintendent of the Pennsylv-
ania State Police.
The confession, as given out by
the District Attorney, says Pasquale
was in the vicinity of Norristown last
May to raid telephone pay stations,
and while walking along the road,
heard a baby crying, saw its mother
put it to sleep, and leave the room.
This gave him the idea to steal the
child for ransom.
Details of Confession.
A few nights later, according to
the confession, Pasquale returned to
the Coughlin house and entered the
baby's room by a ladder. When the
baby started to cry he wrapped a
coat around the child, escaped down
the ladder, and, after walking about
three-quarters of a mile, he sat
down to look at the baby, and found
him dead.
"I killed him by holding him too
tight around my breast a little too
long," the confession said. "So not
knowing what to do with him then,
I took him down to put him in the
ground on account that I did not
want dirt and worms to touch him.
So I took him to the river and sitting
there by the track, I saw daylight com-
ing. Then not daring to hold him any
longer, I tied him with a string that
I found on a wagon in the stone
quarry nearby to a piece of rail that
was also in the quarry. Then I
threw all into the river."

Didn't Know Baby's Name.
The confession said Pasquale had
to wait until the newspapers came
out with the story of the kidnapping
before he could learn the name of
the child's parents and write a let-
ter to them for money.
"I can't find a name strong enough
for myself," Pasquale is alleged to
have written. He said he had no
intention of harming the baby, and
that he would have returned the
child even if he did not receive any
money.
"But I am his murderer; I killed
him," the statement concluded.
squabble over the crown in which
the ex-king and his supporters have
engaged, with the prospect that, in
case of their success, his peace
treaty with Turkey might go under.
While until recently he was hesi-
tant as to whether Greece is yet ma-
ture for a republican form of gov-
ernment, the death of the king may
force him to relieve the political di-
lemma by proclaiming himself chief
executive of the Hellenic republic,
thus not only barring the road to
the return of the Schleswig-Hol-
stein to power, but also placing his
veto upon the candidacies of the
Connaught and the Bourbon Parma
aspirants.

GIRL, 6, KIDNAPED FROM KINDERGARTEN

Court Had Refused to Restore
Child to Mother After
Second Marriage.

Police and child welfare workers
in St. Louis, East St. Louis and
Belleville are searching for Mildred
Pauley, 6 years old, foster daughter
of Mrs. Paulin Pauley, 125 Michigan
avenue, Belleville, who was kidnaped
from the kindergarten of the Bunsen School
in Belleville.
The police and welfare workers
believe that the child's mother, Mrs.
Mary Smith, may know where the
child is, but they are unable to as-
certain her address. Mrs. Smith,
previous to her marriage to Michael
Smith two years ago, was a widow,
her first husband, named Tucker,
having left her with two children.
Five years ago she went into the
County Court at Belleville and ex-
plained that she was unable to pro-
vide for the children. The court
placed them with Mrs. Pauley, al-
lowing her a stipulated sum each
month for caring for them.
When Mrs. Tucker married Smith,
her circumstances permitted her to
provide for the children, and she
applied to the court. Her son, Wal-
ter Tucker, now 8 years old, was
restored to her, but the Court de-
clined Mrs. Pauley should retain Mil-
dred. Previous to her second mar-
riage Mrs. Smith lived in East St.
Louis. Inquiry among her former
neighbors failed to reveal her pre-
sent address, some saying she is liv-
ing in St. Louis. Mrs. Pauley has
never seen Mrs. Smith, and it is
doubtful if Mildred knows her
mother.
Monday two well dressed women
called at the Bunsen School and
asked Mildred's teacher to excuse
Mildred as they desired to take her
on a shopping tour. The teacher, be-
lieving they were relatives of the
child, granted the permission, and
no trace of her has been found. Mrs.
Pauley never legally adopted the
child, but the latter has assumed the
Pauley family name.

BELL RINGING ATTRACTS POLICE

Investigation Shows Store Door Open
and \$800 in Goods Gone.

Two patrolmen at 1:30 a. m. today
heard a bell ringing in the dry goods
store of Label Assoc. 738 South
Fourth street. They found the front
door open, and after bringing the
proprietor from his home, 1103 Dol-
man street, a hasty inventory was
made, which disclosed that dry
goods valued at \$800 were stolen.
Assoc. said the bell was a burglar
alarm he had installed to arouse
the neighborhood in case of an at-
tempt to rob the place. Entrance
had been forced through a rear win-
dow.

GOTH WEDDING ANNIVERSARY

Mr. and Mrs. William P. Hancock
of Richmond Heights, today celebrat-
ed the sixtieth anniversary of their
marriage with a family gathering
and dinner at their home. No formal
dinner was given. Mrs. Hancock's
health is still good.
The couple were married in Alton
when each was 20 years of age. Mrs.
Hancock was Miss Helen P. Mason,
a member of a prominent Godfrey
family. They left Alton 15 years ago
for Richmond Heights. Hancock was
for many years agent for the North-

GRAND JURY SENDS COAL DOWN \$4 A TON IN CHICAGO

Investigation of Profiteering
Starts Prices Tumbling and
Consumers Hold Off for
Further Declines.

SIMILAR DECREASE
NOT EXPECTED HERE

Retail Rates 'in St. Louis
Based on Lower Wholesale
Prices — "Outside" Ship-
ments Higher.

With a Federal grand jury in-
vestigating coal profiteering and the
prices refusing to buy at profiteering
prices, coal is tumbling in Chicago.
Within the last few days the whole-
sale price has dropped from \$3 to
\$4 a ton and there has been a cor-
responding decline in the retail
price. Consumers are refusing to
buy even at the reduced prices, hold-
ing off for further expected reduc-
tions.
There has not been a correspond-
ing break in prices here and coal
men say there will not be one be-
cause the St. Louis retail prices are
based on lower wholesale prices
than have been prevailing at Chi-
cago.
For several months there have
been two sets of prices at the Illi-
nois mines, comparatively low prices
on coal shipped to St. Louis under
contracts and to retailers either con-
trolled by operators or having a
close working arrangement with
them, and an exceptionally high one
on "outside" shipments.
The high prices on "outside" ship-
ments were brought about by the
export demand, early buying, bid-
ding by wholesalers and speculators
and car shortage. The car shortage
was increased by the long hauls and
by the practice which Federal in-
vestigators found to exist of whole-
saler and jobber holding the coal in
the cars while trading back and
forth among themselves, increasing
the price at each trade, and finally
sending it away into the Northwest
or to the coast.

"Open Market" Prices Here.
The high prices obtainable on out-
side shipments have been the "open
market" prices in St. Louis. That is,
the prices on coal shipped to St. Louis
under contracts or contracts, which
connections or contracts, which con-
nections or contracts, which con-
nections or contracts, which con-

Daniels declared he had never
seen the report on the general inves-
tigation made up by Col. John H.
Russell, commanding in Haiti, al-
though he recalled that a copy of it
had been mailed to the department.
He said this report and all pertinent
records would be made public.

TELLS OF SEEING MAN LEAP INTO RIVER A WEEK AGO

A story of a daylight leap from
Eads bridge, one week ago today,
not previously reported to the po-
lice, was told yesterday by Philip
Amplemann of 3142 Olive street,
who offered it as explaining the
drowning of the man who appears
to have been Earl Reimler, or De
Reimler, of Kansas City, and who
was supposed by the police to have
been robbed and murdered.
Amplemann said he was working
with a group of track laborers near
Eads bridge at 2:30 p. m. last Fri-
day, when he heard a splash, and
saw a man in the water, about 50
feet from him. He said he was about
to throw a board to the man, when
the form disappeared. When it came
up again, it was too far away for
him to be able to give any help.
Amplemann viewed the body at the
mortuary and was unable to say
whether the face was that of the
man he saw, but he said he believed
the blue worsted coat was the one
which the man was wearing, and
which was spread out on the river's
surface for a moment before the
man sank.

TWO MEN IN STOLEN AUTO HOLD UP SALOON, GET \$110

Bartender, Woman and Man Robbed
at Place Owned by Man Recently
Injured by Highwaymen.

Two armed men at 11 o'clock last
night held up the bartender, a wom-
an, and a customer in the saloon of
Patrick J. Manley, 701 Missouri av-
enue, East St. Louis, stole \$100 from
the cash register, \$10 from the cus-
tomer and disappeared in an auto-
mobile, presumed to be the property
of Dr. R. M. Little, which was stolen
from Fifth street and Missouri av-
enue.
Manley, proprietor of the saloon,
was formerly a detective in the Po-
lice Department, and is presumed to
be in a hospital receiving treatment
for injuries received Saturday night
when he was beaten, robbed and
thrown from an automobile near
Madison. He was under treatment
at St. Elizabeth's Hospital at Gran-
ite City, but his removal was re-
quested after he became boisterous
Tuesday night. Some person, the
police report, had given him a quart
of whiskey and a revolver, and, after
partaking of the liquor, he broke out
of his room and fired four shots,
terrorizing the patients and nurses.
The police took him in charge.
Manley was dismissed from the
East St. Louis Police Department as
a result of shooting Joseph A. Beck,
a street car motorman, in front of
Clark's saloon, 205 Missouri avenue,
at 3 a. m., Dec. 16 last.

DANIELS WELCOMES INQUIRY INTO CONDITIONS IN HAITI

Navy Secretary Says "Attack on
Marines Is Attack on Amer-
ican Civilization."

WASHINGTON, Oct. 15.—A con-
gressional investigation of conditions
in Haiti will be welcomed by the
Navy Department, Secretary Daniels
declared today, on his return to
Washington from a political speak-
ing trip in North Carolina. He said
the congressional committee which
visited the Virgin Islands last year
did not act on the department's sug-
gestion to include Haiti in its itine-
rary.
Defending the record of the Ma-
rines in Haiti, Daniels declared that
all records bearing on the investiga-
tion would be made public by Philip
General Barnett, then commandant
of the Marine Corps, would be made
public. The Secretary said Gen.
Barnett could not have intended to
convey the impression in his letter
ordering the inquiry that he had
found evidence of "general indis-
criminate killing" of natives by the
Marines and that he must have re-
ferred only the parties involved in
the two court martial cases then be-
fore him.

GROCERY HELD UP AT 8:30 A. M. BY NEGRO, AND \$42 TAKEN

A Kroger store at 926 Lami street
was held up and robbed of \$42.66
an armed negro at 8:30 a. m. to-
day. The negro compelled George
Hollerster of 4000 A. O. Co. Brilliant
avenue to hold up his hands and go
to the rear of the store. He then
looted the cash register.
Hollerster told the police he was
alone when the negro entered and
asked for a can of milk and laid
down a \$1 bill. When the order
was filled and change had been given,
he said, the negro drew a re-
volver and exclaimed: "I don't
want any small change. You put
up your hands and go back there
and keep them up."
After the negro had robbed the
register he warned the manager not
to give an alarm for 20 minutes.
As the negro was going out, Alma
Baker, 15 years old, of 920 Lami
street, with her younger brother,
started into the store. The negro
said: "Don't come in here, children.
Something is going on here. You
better run home to your mother."
The children took this advice and the
negro ran from the store and es-
caped.

MRS. KNOTT OBTAINS UNCONTESTED DIVORCE

Artist Husband Withdraws Cross-
bill—To Pay \$250 a Month
Alimony.

Mrs. Elizabeth Dauenhof Knott
of 6800 Enright avenue today ob-
tained her second divorce from Jean
Knott, comic artist creator of "Pen-
ny Ante" and "Let the Wedding
Bells Ring Out," who lives at the
Missouri Athletic association. The
divorce was granted by Judge McEl-
hinney in the Clayton Circuit Court.
Mrs. Knott obtained her first di-
vorce in July, 1916, and she and
Knott were married a second time
in February, 1917.
Cross-Bill Withdrawn.
Before the suit went to trial to-
day, Knott withdrew a cross-bill
which he had filed, and he did not
contest the case. A stipulation was
filed in which it was agreed that
Mrs. Knott is to receive \$250 a
month alimony for the support of
herself and their only child, Ruth,
9 years old.
Mrs. Knott is to have custody of
the child, but the child is to be per-
mitted to visit Knott in the summer
at his expense. He agrees to pur-
chase clothing "from time to time"
for the child and to pay unusual or
emergency expenses for it, such as
doctor bills. It is stipulated that
the child shall not be sent to a
boarding school or to any but a
public school without Knott's con-
sent. The household goods go to
Mrs. Knott, except that Knott is to
have his books, pictures, drawing
table and smoking stand.
Testimony of Mrs. Knott.
Mrs. Knott testified that Knott was
sullen, morose and self-centered
and egotistical. "He said I married
him for his money," she testified,
"but I never saw the money." She
said Knott was in the habit of curs-
ing in the presence of their child
and that they just couldn't get
along together. She told the court
her home was equipped with second-
hand furniture and said Knott would
not permit her to use his automo-
bile.

COLISEUM TO OPEN AT 6 FOR HARDING MEETING

Foreign Trade to Be Subject of G. O. P. Nominee's Address Tomorrow Night.

Doors of the Coliseum will be opened at 6 o'clock tomorrow night for the Republican meeting at which Senator Harding will speak. It was announced today by Chairman Stroutman of the Republican City Committee. It is expected that in thus giving two hours instead of one for the audience to become seated, much of the confusion and crowding which marked the Gov. Cox meeting Monday night will be avoided.

The subject of Senator Harding's speech, according to announcement of the Republican National Committee, will be: "The Extension of the Foreign Trade of the United States."

While the exact hour of Senator Harding's arrival has not been learned by the Arrangements Committee, plans, subject to change, are being made for the Reception Committee to be at Union Station shortly before 8 o'clock to meet him on his arrival from East St. Louis, where he will speak about 6 o'clock, and escort him to the Coliseum.

The meeting will be called to order by Senator Spencer before the arrival of Senator Harding, and will be addressed by Arthur M. Hyde, Republican candidate for Governor.

Just after Senator Harding reaches the platform Mrs. Karl Kimmel will sing "America." A male quartet will sing before and after Hyde's speech. A band will play from the time the doors are opened. No seats, except those on the platform and those at the press tables, will be reserved, all the floor seats and balcony seats being available to the general public.

Will Speak in East St. Louis. Chairman Hughes of the Republican State Committee last night announced a list of 175 vice presidents for the meeting, all of whom will have seats on the platform. They were chosen from all parts of the State.

MUST ALLOW GERMANY CHANCE TO RECOVER, SAYS DELACROIX

Belgian Premier Says Lloyd George Holds This Is Necessary If Germany Is to Pay.

By the Associated Press. BRUSSELS, Oct. 15.—Premier Delacroix, in an interview in the Nation Belge, expressed satisfaction with his recent visit to England, where he discussed German reparations with Premier Lloyd George.

"It was necessary to reconcile the French and British viewpoints," Premier Delacroix declared, "and my intervention was favorably received in London. The Reparations Commission will assemble in Brussels to deliberate. In the presence of two experts, and its findings will have to receive the approval of the Governments interested. Great Britain has accepted this proposal, which was communicated to Paris and all the Governments concerned."

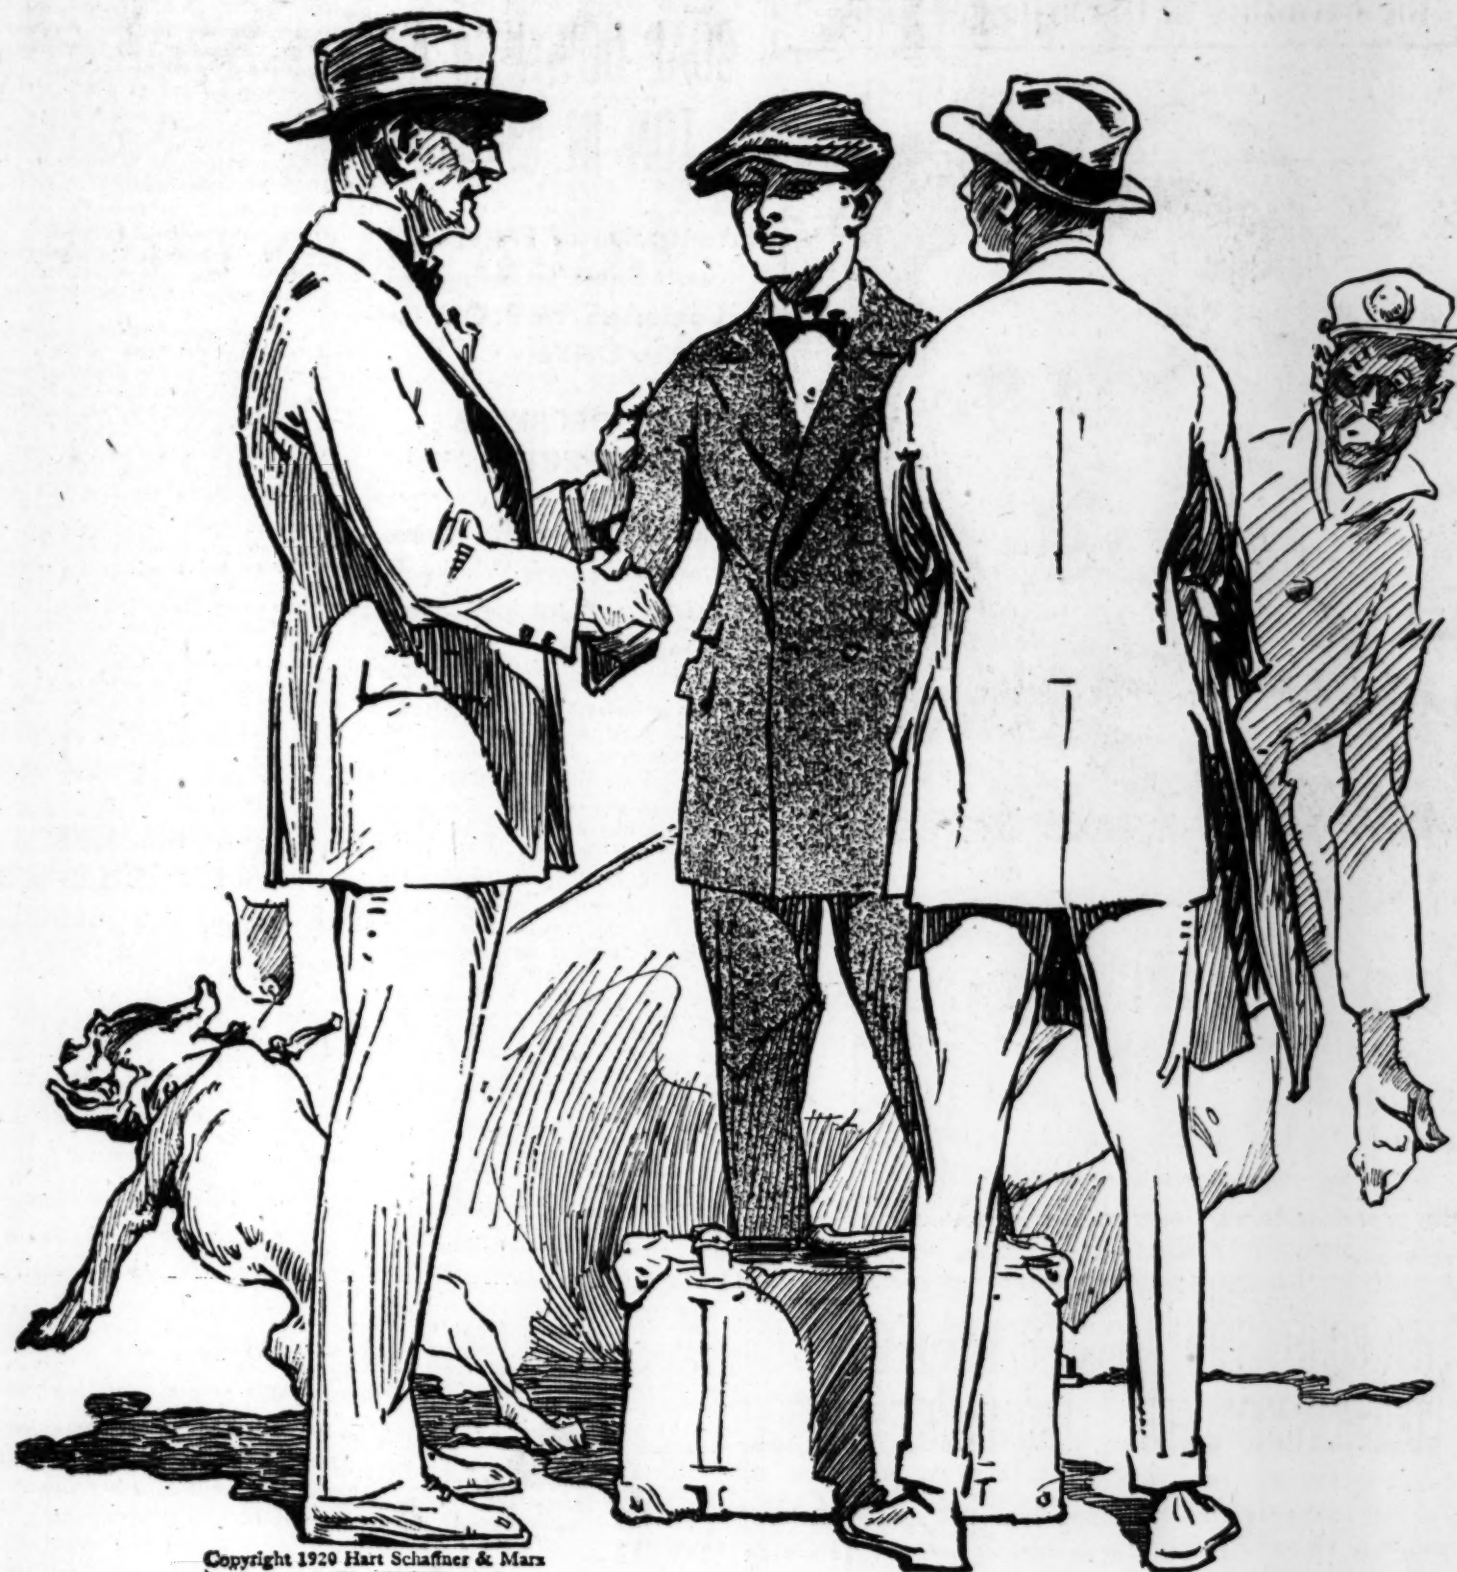

"Premier Lloyd George's contention is that the allies must first allow Germany to recover, to carry on trade and to export. When her industries and commerce have recovered, she will be able to make purchases, and pay us what she owes without risking a catastrophe."

East St. Louis from the same platform which was erected for Gov. Cox, the Democratic candidate for President. Efforts were made to have Senator Harding speak from the second floor balcony of the Arcade Building, opposite the city hall, and in which building the Republican headquarters are situated, but the Arrangements Committee decided that his voice would carry better if he was more on a level with the audience. Thus the committee negotiated for the Gov. platform to remain in place, for use by Senator Harding.

Senator Harding is expected to be in East St. Louis shortly after 6 o'clock. He shall have had dinner before reaching town, and will speak immediately after his arrival, to enable him to complete his address in time to reach the Coliseum by 8 o'clock.

Items of Interest

A Man for the Ages, By Irving Bacheller

IN this book Mr. Bacheller has brought us into personal contact with Abraham Lincoln. Through his pages we walk side by side with Lincoln, and take part in his daily life. We are made to do this in such fashion that, in the most natural manner possible, and utterly without effort, we feel that we know him as intimately and familiarly as did the men, women and children among whom he spent those formative years with which this novel deals so vividly, so entrancingly.

"A Million Lanterns Hanging in Her Hair"

HOW often have you seen girls whose hair seems to have myriads of lanterns brightly sparkling in it? As they walk in the sun or turn their heads to right or left, each little light seems to outshine the other. The secret of these lights is in the method of shampooing. If you will but come into our Hair Beauty Shop, we will make your hair sparkle with such a luster that you will need no longer to envy your friends.

A Lamp of Dull Old Silver

WHAT charm and individuality this dull old silver Lamp sends out into the world. It stands on a base of silver, supporting a shaft of twisted old silver metal in motifs which represent museum pieces perfectly reproduced. They are of Old Spanish fashioning, long since a classic. At the top of the lamp is a twisted silver ornament to hold the lights. These lamps, more like pieces of fine old jewelry, are the newest things from the art shops.

WOMAN ADMITS THEFTS FROM DOWNTOWN STORES

Exonerates Girl Arrested With Her Goods Taken From Several Places Recovered.

Two young women who gave the police their names as Mrs. Elsie Dier, 22 years, old, of 1021 Dillon street, and Margaret Kaufman, 17, of 1327 South Seventh street, were arrested by a policeman in the famous and Barr Dry Goods Co.'s store yesterday after employees of the store reported having seen Mrs. Dier take a serge dress and a waist from one of the departments. The police say Mrs. Dier admitted the theft and said the dress she was wearing at the time was stolen last Saturday at the B. Nugent & Bro. Dry Goods store. Later at her home the police recovered two dresses a pair of shoes, two boudoir caps and two pairs of gloves stolen from Nugent's, and found in her possession three jet ornaments stolen from the S. B. & Fuller store, and some smaller ornaments taken from a 5 and 10 cent store.

Mrs. Dier, the police say, exonerated the Kaufman girl, stating she had taken the girl with her to act as a sort of "lookout" to ward off suspicion while she took the articles. She said she had given the girl a dress taken from Nugent's last Saturday. The dress was recovered at the girl's home.

Opportunity

The above picture shows our beautiful new plant at 3901 North King's Highway, located away from the smoke of the city. Note the countless large windows that admit air and sun shine. They do much toward making this one of the healthiest as well as one of the most attractive places in St. Louis to work. Here you will find a complete plant—under one roof—with all the latest improvements in machinery, ventilating systems and sun-lighted rooms. Intelligent and morally fit employees, together with ideal working conditions, make employment here a real pleasure.

Clubs

We know you will enjoy working here. You will find a nice class of girls with a democratic spirit. Social clubs have been organized to plan dances and entertainments. Girls' drum corps and bands are being organized. This Winter we will have bowling teams which will hold tournaments between departments. Everything is being done for your health and pleasure to make this an ideal place to work. There is an up-to-date cafeteria in the plant and an employees' store where our products may be purchased at cost.

G. O. P. TO NAME CANDIDATE AGAINST SENATOR KINNEY

Stormy Session of City Committee Decides to Make Contest in Thirty-First District.

The Republican City Committee, after one of the stormiest sessions in recent months, by a vote of 18 to 17, men and women both voting, today ordered the Republican Committee of the Thirty-first (St. Louis) Senatorial District to nominate a Republican candidate to oppose Senator Kinney, Democrat, who is a candidate for re-election.

This was done over protest of Committee member Gabe Roth of the Fifth ward, chairman of the District Committee, and other committee men in the district, who had decided several days ago not to fill the vacancy.

The district, which includes the Fourth, Fifth, Sixth and part of the Seventh and Eighteenth wards, is heavily Democratic. Kinney already having served eight years, and having succeeded his brother, Tom Kinney, when elected the first time.

District Democrats. No candidate to run against Kinney could be found before the primary, according to Roth, but recently certain Republicans intent on re-electing the State as to State Senators and Congressmen have urged upon the State committee and upon Chairman Strodman of the city committee the need for filling the vacancy upon the ticket.

The Fourth and Fifth Wards are those known as "river wards," in which the Republicans charge that Democratic gunmen and gangsters overawe Republican judges and clerks of election. The Republicans also have charged that about 2000 fraudulent registrations have been placed upon the books in the district by the Democrats.

Roth and the other Republican Committeemen of the district opposed filling the vacancy on the ground that if no fight is made upon Kinney, the Democrats will not carry out the full program, but that, if pushed, the wards involved will roll up many hundreds of votes against the entire Republican ticket.

Two Committeemen Depart. Strodman in response to pressure called a special meeting of the committee today to act upon the matter.

Much feeling developed, the committee splitting and several heated speeches being made, and Roth and Nat Goldstein, Committeeman from the Nineteenth Ward, leaving the room before the session, which was executive, was over.

It was learned afterward that Committeeman Thomas of the Twenty-eighth Ward introduced the motion to fill the vacancy, and that the committeemen known as "newcomers" who entered the body in the housecleaner victory at the primary, voted almost solidly for the measure. A second motion then was passed, instructing the Senatorial Committee to fill the vacancy. Roth said after the meeting, however, that it will refuse to do so.

Members of Committee. Besides Roth, the members of the Senatorial Committee are: Nick Polito of the Fourth Ward, Tony Schuler of the Sixth Ward, William H. Hubel of the Seventh Ward and Edward E. Butler of the Eighteenth Ward.

"This is fine business, stirring up this row in the committee right before the election," Roth said, as he departed from the committee headquarters.

A petition was presented to the

committee bearing about 30 signatures, requesting that Hugh K. Wagner, who lives at Hotel Statler, and who was a member of the last Legislature, be selected to fill the vacancy. No action was taken on the petition. Roth said none of the signers to the petition live in the district.

The vacancy must be filled by Monday, to get upon the ballot, according to members of the City Committee, who said that the name of the nominee selected must be filed with the Secretary of State not later than 15 days before the election.

MAN SHOT IN STRUGGLE WITH STRANGER FOR A REVOLVER

"Where's the Fellow Who Made a Date With My Wife?" Asked Assailant.

Perry S. Jones, 32 years old, of 7511 Vermont street, a railroad fireman, was awakened at 11 o'clock last night by his door bell. When he opened the hall door, two strange men, one with a revolver in hand, rushed in and forced Jones back into his bedroom, and threw him across the bed, pressing the revolver

against his stomach.

"Where's the fellow that made a date with my wife?" the man demanded of Jones.

Jones seized the revolver and protested he had lived there only two weeks, and had not made any dates with married women.

In the struggle that ensued for possession of the revolver it was discharged, and Jones was shot through the left hand. Jones then took an old pistol from the wall and fired at the intruders, who ran.

His wound was treated at the city hospital.

How Many Men Keep Youthful Looking

It is well known that within years the men have become extremely old. Not only the fastidious, but generally who have a care for personal appearance. This has also led to the employment by many of home remedies calculated to enhance or preserve physical attractiveness, especially by those who abhor "beauty parlors." Of these, perhaps the most widely used is the so-called wax treatment, which explains the mystery of the silver-haired gentleman with the boyish face. The wax, used wax, obtainable at any drug store, is applied the same as cold cream, not rubbed in. This gradually builds up the dead and half-dead cells in the particles, revealing the fresher, healthier skin beneath. To secure best results many apply the wax at night, washing it off in the morning. Women can only encourage husbands in this, but the treatment themselves.

To keep away wrinkles and fading, many men use, after shaving, a facial, a simple lotion made by dissolving an ounce of powdered sandalwood in pint of witch hazel. This gives excellent results.

CLEVELAND, O., Oct. 15.—Publican victory at the poll month means rejection of League of Nations and the League of the United States, for raising and maintaining army and navy, and a major in the U. S. Army, Secretary of the Treasury, speaking in an address here last night, declared that the League's effect on world economy.

He said that the national debt of the United States, including the United States, had estimated at \$238,500,000,000. "Staying out of the league playing a lone hand means cannot reduce the burdens of debt," he declared.

"It is an interesting fact," Senator Harding has declared, "that a believer in universal compulsory service, overtime ferred to as conscription."

The nation of Europe and American people more than \$40,000,000 for money loaned in prosecuting the war against Central Powers. In a recent Senator Harding estimated that would rather see this debt forgiven or foreign debtors allow them to work it out in exchange of goods and commodities.

"He suggests an increase tariff to such a high point that rope will not only be unable to pay but by practically no importation will make it impossible for her to buy our surplus products."

"This would be a policy almost entirely far as the interests of the American people are concerned, but it would be a policy for big business and interests, which, of course, profit by having complete control of our domestic market, but the suffer more than already suffered through decline in our trade."

It is known that within recent years have become extensive beauty specialists and make-up artists, but men who have a care for personal appearance also have turned to the use of many of the same methods to enhance or preserve their features, especially by those "beauty parlor" type of treatment. Of these, the most widely used is the use of the silver-halide treatment, which explains the boyish face. The mercuric iodine treatment, obtainable at any drug store, is the same as cold cream, only in a more gradual manner. This gradually absorbs the dead skin cells in the face, revealing the fresher, healthier skin beneath. To secure best results, the treatment should be applied at night, after the face has been washed in the morning. Women use these treatments in this, but men are not so slow to take advantage of them. Men who use these treatments after shaving, the skin is made by the use of a special cream, which is a mixture of witch hazel. This gives the skin a smooth, healthy appearance.

McADOO TELLS EFFECT OF REJECTING LEAGUE

Declares Isolation Would Mean
Conscription and Heavier
Tax Burden.

By the Associated Press.

CLEVELAND, O., Oct. 15.—A Republican victory at the polls next month means rejection of the League of Nations and the isolation of the United States, conscription for raising and maintaining a large army and navy, and a 20% increase in taxes, William G. McAdoo, former Secretary of the Treasury, declared in an address here last night.

Speaking in the interests of Cox and Roosevelt, McAdoo advocated this country's entry into the league, stressing what he described as the league's effect on world finance and economy.

He said that the national debts of the chief belligerents of the war, including the United States, had been estimated at \$238,500,000,000.

"Staying out of the league and playing a lone hand means that we cannot reduce the burdens of taxation," he declared.

"It will also mean universal military training, which is a disguise or euphemism for what is unpopularly known as conscription. We were justified in adopting conscription as a war measure."

"It is an interesting fact that Senator Harding has declared himself a believer in universal and compulsory service, oftentimes referred to as conscription."

"The nations of Europe owe the American people more than \$10,000,000,000 for money loaned to aid in prosecuting the war against the Central Powers. In a recent speech Senator Harding intimated that he would rather see this debt canceled, or forgive our foreign debtors, than see them work it out through exchange of goods and commodities."

"He suggests an increase in the tariff to such a high point that Europe will not only be unable to pay the debt but by practically stopping exportation will make it impossible for her to buy our surplus products."

"This would be a policy of the most stupidity so far as the interests of the American people are concerned, but it would be a beneficial policy for big business and selfish interests, which, of course, would profit by having complete control of our domestic market; but the farmer with his grain and cotton would suffer more than he already has suffered through decline in our export trade."

MAN KILLED WHEN AUTO BRAKE FAILS TO WORK

White Hall, Ill., Restaurant Owner Loses Life When Machine Hits Pole in Alton.

Ernest F. Ross, proprietor of a restaurant at White Hall, Ill., was killed, and W. P. Neutzman, one of his neighbors, was seriously injured when the automobile in which they were riding became uncontrollable and coasted down a steep grade in Alton last night, striking a telephone pole.

The machine was owned and driven by George North, president of the People's Bank at White Hall. He and the two other men were on their way to attend a meeting of the Alton Council of the Masonic Order. The car was a chunky roadster, and Ross was on the rear seat.

They were going south on State street, in Alton, about 8:15 o'clock, and had just passed Beacon street when the brakes became ineffective. The car was then at the top of a steep grade, approaching the fork of State and Williams street. North elected to take the Williams street branch, it being less steep, although a sharp grade, for all that.

As the heavy machine coasted toward the Mississippi River, North and Neutzman jumped. Ross stayed in the car. As it sped past Uncle Remus Park, he saw a chance to turn it off into a level place, and steered it across the sidewalk. A telephone post loomed up before him when it was too late to avoid it. The car hit it with such force as to snap it off at the ground. Witnesses said the automobile rolled completely over four times.

Ross was thrown clear, but he landed head first, his skull being fractured. Farther back, Neutzman was lying on the pavement, his right knee crushed and his right arm broken by his fall upon the street. North, however, had escaped with slight bruises. The automobile was wrecked.

At St. Joseph's Hospital it was said today that Neutzman's condition is critical. His knee was fractured in many places. North was able to return to his home. Ross is survived by a wife and two small children.

Two Girls Injured by Auto Driven by Woman

The automobile of Mrs. Ada N. Duncker of 6011 Pershing avenue struck two girls, Ines Henderson, 16 years old, 4133 McPherson avenue, and Omega Hughes, 6, of 4290 McPherson avenue, at Lindell boulevard and Newstead avenue, last evening. Miss Henderson was taken to the city hospital, suffering from a fractured right leg, internal injuries and cuts on the back. The Hughes child suffered fractured ribs and internal injuries and was taken to her home.

Mrs. Duncker, who is the widow of Capt. Charles H. Duncker Jr., who was killed in France, gave bond, with her father-in-law as surety, at Newstead Avenue Police Station.

Explaining the accident, Mrs. Duncker said she was driving east on Lindell and turned north into Newstead avenue and the girls, who were crossing Newstead to the west stepped directly into the path of her car. She remained with the girls until they had been given medical attention and then drove home, later appearing at the police station with her father-in-law.

John T. Tobin, 31, of 4200 West Pine boulevard, suffered injuries to the head when knocked down by an automobile driven by Leo Blumenkrans of 2838 McPherson avenue as he crossed Grand avenue at Lindell boulevard.

Robert M. Barrett, 38, of 3620 Clark avenue, suffered a fractured shoulder and injuries to the chest when knocked down by an automobile driven by Richard J. McCune, 6557 Marquette avenue, a switchman, when Barrett alighted from a Grand car at Clark avenue.

Charles Ebelmeyer, 25, 3408 Vista avenue, was caught under a lamp post at Garrison avenue and Locust street when the post was wrecked by an automobile driven by Edward Becker of 2413A Coleman street, who lost control of his machine when he attempted to dodge another automobile as he turned into Garrison from Locust. He suffered scalp wounds, a sprained ankle and a cut on the leg.

MINISTER ANNOUNCES MARRIAGE

The Rev. W. A. Clemmer Tells of Wedding in Chicago Tuesday.

The Rev. W. A. Clemmer, pastor of Grace Presbyterian Church, Clara and Ridge avenues, was married Tuesday at Chicago to Miss Alberta Beaton of Spokane, Wash., he announced to his congregation Wednesday at the midweek service. The announcement was a surprise to the congregation, as Dr. Clemmer had not told anyone he was to be married.

Mrs. Clemmer resigned as assistant superintendent of nurses at St. Luke's Hospital, Chicago, last July. After her resignation she visited relatives in the West. She returned to Chicago at noon Tuesday and the ceremony was performed at the Second Presbyterian Church there at 7 p. m. Dr. Clemmer has been pastor of Grace Church nearly four years. He is chairman of the New Era Committee of the St. Louis Presbytery and president of the Presbytery Ministerial Association. They will reside at 5863 Page boulevard.

U. S. BANK SYSTEM DECLARED TO MAKE PANIC IMPOSSIBLE

George E. Roberts, Vice-President of National City Bank, Can See No "Industrial Collapse" Ahead.

PRICE LEVELS NOT TO LAST, HE SAYS

Gathering of South Carolina Business Men Told No Declines Are Due to "Tightening" of Credit.

By the Associated Press.
ROCKHILL, S. C., Oct. 15.—The United States has one of the best banking systems in the world, and "under it I never expect to see another panic," George E. Roberts, vice president of the National City Bank of New York, declared in an address last night before a gathering of business men in which he analyzed the credit situation.

"I don't think we are going to have either an industrial collapse or a panic," he added, "but if we escape them it will be because we have a good banking system and the bankers have followed an intelligent policy in regard to credit."

Roberts said the present situation is due to the "aggregate demand for credit by all the industries and all lines of business beyond the ability of the banking system to supply." Such conditions, he added, result from "the war, from the waste of capital and expansion of credit during war."

"Price Level Not Permanent."

"The restriction of credit is not responsible for the decline of wheat and cotton," the speaker asserted. "The poverty of the world, the low buying power of Europe, and the high exchange rates are the principal factors in the break in these prices."

"The situation calls for patient cooperation all around. All are interested in getting past this critical stage, this period between the period of war and the settled conditions of peace, with the least amount of unemployment and the least disturbance of all business that is possible. We want to get down to a permanent level of values gradually rather than by going over a precipice."

"Some people have been holding that the new level of prices and wages were permanent. I do not think so, and I do not want to believe so. I think it would work injustice to many thousands of people."

"Change Must Be Gradual."

"If the present level of prices is permanent, the value of all money and all obligation to pay fixed sums of money will be depreciated approximately one-half. The readjustment of salaries and wages has been only partially made. A great many salaried people and wage earners are still losers by the change. The railways and public utilities have been almost ruined by it. Nobody has gained anything by it except at the expense of someone else, and it has thrown the whole social and industrial organization into confusion."

"There will be no sense of security or stability until prices come down, but we want the descent to be gradual."

Resources of Banks on June 30 Aggregated \$29,667,855,000.

By the Associated Press.
WASHINGTON, Oct. 15.—John Skelton Williams has announced the total resources of all the banking institutions under United States supervision as reported last June 30, amounted to \$29,667,855,000, an increase for the year of \$2,237,325,000.

The total deposits, other than bank deposits, were reported at \$23,694,372,000, an increase for the year of \$2,832,825,000. The amount due to banks and bankers was reported at \$364,282,000, a reduction for the year of \$41,217,000.

Loans and discounts and overdrafts as of last June 30 amounted to \$17,262,796,000, an increase for the year of \$3,202,088,000. Investments were reported by the State banks, savings banks, trust companies and private banks of June 30 as \$626,927,000, an increase during the year of \$53,129,000. The amount due from other banks June 30 was \$2,712,949,000, a reduction for the year of \$75,911,000.

Comptroller Williams said these figures were subject to slight changes on account of incomplete returns from certain states.

SPEAKER LAYS CRIME WAVE TO 'ILL EFFECTS OF ARMY AND NAVY'

"Many Former Service Men Living by Their Wits," Prisoners' Aid Society Is Told.

By the Associated Press.
COLUMBUS, O., Oct. 15.—Declaring that many ex-service men "are living by their wits," Charles Parsons, superintendent of the Society for the Friendless of Iowa, asserted that the national crime wave is due to "ill effects of the army and navy." In an address here yesterday before the National Prisoners' Aid Society, a divisional meeting of the American Prison Congress, "I say that with all due respect," Parsons added.

An even dozen speakers before the Prisoners' Aid Society declared crime is on the increase in the United States. They blamed bootlegging, use of the automobile as an instrument of vice and immoral motion pictures.

BURGLAR CAUGHT WHEN HE DRESSES CUTS ON HANDS

Man, Arrested When Policeman Sees Him on Church Lawn Caring for Wounds, Confesses Four Robberies.

HAD INJURED HAND FORCING WINDOW

Mark on Window Sill of Home in South St. Louis Led Authorities to Look for Man With Cuts.

The vigilance of Probationary Patrolman James J. Hogan of the Page Boulevard District in following up general instructions given to all policemen to look out for a man with cuts on his hands yesterday led to the arrest of Frank Clarkin of Kansas City, Kan., who later confessed that he participated in four daylight burglaries here in the last week. He also told the police he escaped from a courtroom in Kansas City, Kan., Oct. 5, after being sentenced to serve six to 15 years on a burglary charge. Hogan was walking his beat when he saw a man sitting on the lawn of the Westminster Presbyterian Church, Delmar and Union boulevards. The man was dressing cuts on his hands. The probationary policeman recalled there were orders to look out for a man who was believed to have cut his hands in committing a burglary in South St. Louis, where a window was broken and blood was found on the sill. Hogan arrested the man, who at first said he was George E. Wilson, but later said his right name was Frank Clarkin, a pressman out of work. He said he arrived here Oct. 8 and fell in with a man whom he met on Market street and whose name he gave to the police. On the afternoon of his arrival, he said, he and his companion forced a window and entered the home of John Valmecke, 2625 Cleveland avenue, and stole an overcoat and two suits. On Oct. 10, he said, they stole \$1.50 at the home of Henry Hunter, 2652 McKee avenue and the following day they robbed Domenico Delledonne's home, 4064 Lafayette avenue, and stole a suit, two pairs of shoes and a revolver. While forcing a window at the home of William F. Gould, 5233 Lafayette avenue, last Tuesday, he said, he cut his hands. Here he and his companion stole \$200 worth of silverware, seven silk shirts and \$150. The probationary patrolman had the Gould burglary in mind when he made the arrest.

Rosenfeld to Make League the Issue in Twelfth District. Democratic Nominee for Congress Tells Merchants Harding Is Making No Promises. Harding offers merely the wordy preachment of the ages with nothing done and nothing particular promised, former Judge Samuel Rosenfeld, Democratic nominee for Congress in the Twelfth District, Wednesday night told the members of the West End Business Men's Association, of which he formerly was president. Rosenfeld, after quoting Harding's declaration that he favors "a world association that will discourage or tend to prevent war and that will encourage a better understanding among the nations of the earth," asked, "Which of the 41 nations that have joined the League of Nations will withdraw from the citadel of safety into the field of danger, insecurity and disorder?" "Will Senator Harding start conversations for a problematical association with Turkey, Mexico, Germany and himself? What would they evolve and how would mankind receive it? Does Senator Harding expect to bring down the newly erected temple of the League of Nations, supported by 41 national columns, by carrying off a column at a time through senatorial courtesy, or does he, Samson-like, plan to wreck the temple by embracing and tearing away some single selected column? And will it be France, Great Britain or Belgium?" Congressman L. C. Dyer, Republican nominee in the Twelfth, has declared against the League with or without reservations, and Rosenfeld, who said that he is for the league, though not opposed to reservations declarative of the constitutional powers and principles of the United States, announced his intention of stamping the district upon that issue.

AMERICAN SHIP CATCHES FIRE

The Krakow Damaged When in Port at Havana, Cuba. By the Associated Press. HAVANA, Oct. 15.—Fire broke out in one of the holds of the American steamer Krakow here early this morning, and the ship was considerably damaged. City fire apparatus was sent to the aid of the steamer on board a ferry and it was later reported that the fire was under control. The Krakow arrived here on Oct. 2, with a cargo of fabrics and shoes. The extent of the damage to the vessel and the goods still on board had not been ascertained this morning.

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies, Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the "wonderful" cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as a ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have tried. All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonsful with four teaspoonsful of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be bashful, for the druggists invite you and expect you to try it. Everybody's doing it. When your cold or cough is relieved, take the remainder of the bottle home to your wife and babies, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.

17 PERSONS HELD UP BY TWO ROBBER GANGS; MAN SHOT

Two Robberies by Men in an Automobile Bearing a Political Sign Reported—Students Held Up.

In a series of robberies between 1:30 o'clock last night and 2:30 o'clock this morning, in which 17 persons were held up by two gangs of highwaymen, one man was shot, a woman fainted, and two men who had been forced into an automobile by the robbers were left in the car after it had been damaged in a smashup, while the robbers escaped.

The first robbery occurred at 1:30 p. m., at Russell and California avenues, when two men stepped from a Hupmobile, on the back of which was a political banner, and held up Elmer Senkosky of 2008 Nebraska avenue, taking his watch and chain and \$2. Senkosky told the police that as the automobile pulled away he caught the words "Vote for" on the banner, but could not distinguish the candidate's name.

Twenty minutes later Robert L. Steiner, 18 years old, of 5629 Vernon avenue; Reginald Hartnett, 19, of 5193 Kensington avenue, and Richard Roseborough, 17, of 5165 Kensington avenue, students at the Soldan High Night School, on their way home from school, were held up by two men on Enright avenue, near Clarendon avenue, a block from the school. Steiner was robbed of \$7.25. Nothing was taken from the others.

Looker-On at Holdup Robbed.

As the robbers crossed the street they encountered Gerhard Baker, 28, of 5209 Enright avenue, who was standing near their automobile, and robbed him of \$15. Baker told the police that he had seen the holdup of the three students and, believing that it was a playful skirmish, had stopped to look on. He said the car used by the robbers was a Hupmobile and that it bore a political banner.

William Langdon, of 6105 Easton avenue was stopped at Easton and Spring avenues at 9:30 p. m. by two men who had stepped from an automobile. When they ordered him to put up his hands he struck one of the robbers on the jaw. The other robber fired a shot at the sidewalk and the two then jumped into their car and escaped. They got nothing from Langdon.

Merrill McKelvey, 4903 Forest Park boulevard, his wife, and his mother, Mrs. S. H. Alexander of New York, were held up at 10:25 p. m. at Euclid avenue and Argyle place by three men. One of the robbers had taken \$10 from McKelvey and the others were about to search the women when Mrs. Alexander fainted and Mrs. McKelvey screamed.

McKelvey's money was shoved back into his pocket by the robber, who said to his companions: "Come on, let's get out of here, that woman is dead."

Two Men Forced Into Auto.

The three men jumped into an automobile in which a fourth man was waiting and drove rapidly west on Lindell boulevard. Mrs. Alexander recovered consciousness in a few minutes.

At 10:40 p. m. two men got out of an automobile and held up Morris Friedman, 4576 Laclede avenue, and Jerre McCarthy, 4485A Forest Park boulevard, who were seated on a bench in Laclede Pavilion, Forest Park. At the point of revolvers they forced Friedman and McCarthy to get into an automobile in which two other men were sitting. As the car was being driven along King's highway the two robbers in the back seat began searching Friedman and McCarthy. They took a watch and chain from Friedman, and at that moment the automobile crashed against the curbing at King's highway and Forest Park boulevard, causing the rear axle to bend and one of the back wheels to be knocked off.

A policeman at King's highway and Lindell boulevard heard the crash, but when he reached the scene the robbers had fled into Forest Park. Friedman and McCarthy, who were still in the automobile, told of having been held up, and the policeman telephoned the license number of the car to police headquarters. The police reported this morning that they had established the ownership of the car and were at work on a clue which they believed would result in the arrest of the four robbers.

Four men in an automobile stopped in front of the saloon and grocery of J. H. Deeken, 4101 W. Lee avenue, at 10:45 p. m. Two entered the saloon and ordered Deeken to put up his hands. He stooped beneath the bar, and the robbers, evidently believing that he was reaching for a revolver, ran out. As they neared the front door one of the robbers dropped his revolver. When he reached for it his companion dragged him to the automobile, which sped away.

Theodore Jacobsmeyer, 28, of 2024 College avenue, was held up by one man in front of 2170 Linton street at 11 p. m., and when he refused to elevate his hands was shot in the right ankle. The robber jumped into an automobile in which three other men were waiting at Emily avenue and Linton street, a block away, and escaped. Jacobsmeyer was taken to the city hospital.

Lawrence Dietz, 19, of 8843 Cote Brilliante avenue, and Burchard E. Kaemmerer, 18, of 4234 W. Kosuth avenue, were stopped by two men with revolvers at Clarence and Kosuth avenues at 11:30 p. m. A gold watch was taken from Dietz, and one of the robbers ordered Kaemmerer to remove his coat.

"It just fits me," said the robber

as he tried it on, "and it looks pretty good."

Kaemmerer had to go home with an automobile occupied by two other men. The robbers escaped in or men.

To all persons who have applied or desire to apply for the Hare's Motors contract in St. Louis

Mr. R. F. Riffe, representing this Company, will be at the Hotel Jefferson, on Monday, October 18th; Tuesday, October 19th; and Wednesday, October 20th, from 11:00 A. M. to 2:00 P. M. daily — and at other hours by appointment—to discuss the details of the Hare's Motors contract for this territory with applicants who desire more specific information than our preliminary announcements have supplied.

If there are any progressive

men to whom the present announcement brings the first news of this impending opportunity, we strongly urge them also to interview Mr. Riffe and to learn at first hand what solid emoluments are awaiting an applicant of the true Hare's Motors calibre.

The account will not be assigned until one of the candidates has satisfied us that he possesses the substance, vision, energy and character which are the indispensable attributes of every Hare's Motors representative.

CUMMINGS FEARS WAR IN MEXICO IF HARDING WINS

Platform Points to Policy That Might Require Five Years' Occupation, Former Chairman Says.

WOMEN SHOW MOST INTEREST IN LEAGUE

America Only Nation Where Covenant Is Being Painted as War Document, Democrat on Tour Declares.

This is the only country in the world in which the League of Nations is being painted as a war covenant, all the others regarding it as a pact to bring peace, said Homer Cummings, former chairman of the Democratic National Committee, to a Post-Dispatch reporter today. Cummings was in St. Louis on his way from Indiana to Columbia, Mo., where he is to speak tonight. He arrived about 2 p. m. yesterday and departed early today. He will speak at Mexico tomorrow night.

Women are manifesting a keener interest in the league than men, Cummings said, though all listen to discussions of it with an interest which has led him to unite with other campaigners in pronouncing it the paramount issue.

Women undoubtedly lean toward the league side of the controversy, he said, but "the campaign of lies, gross misrepresentation and vilification being waged by Republicans is, unfortunately, having an effect upon women, who are being scared into the wrong idea that the league will bring war. Women are not so steeped in partisanship yet, but when the issue is fairly presented to them, whether Democratic or Republican by instinct and surroundings, they favor it as a means to bring lasting peace, and more of them will support it than oppose it, as it is.

"Zulu Type of Statesmen." "It is a sad thing for Americans to witness the sort of fight being made upon the league. I can find it in my heart to forgive Johnson, Borah and other men like them, for in them speaks the primitive man. They are sincere, always have been against the idea of such an instrument, and their kind will be for a thousand years. Johnson is a Zulu type of statesman, who knows nothing but to club his way through.

"The other type, the Lodge type, which supported stanchly the principles of a world league to enforce peace until it served their partisan ends to oppose it, and with the venom they have displayed, find no forgiveness in me. They are associated all in the effort to elect a President of their choosing.

"The country should take into account what would come to them, should the Republicans be successful and get opportunity to put into effect their program. I make four predictions, should that occur.

"First, we must contend with unrest, economic troubles and international difficulties of great magnitude through postponement of ratification of the treaty.

"Second, we must expect amendment and alteration of the Federal Reserve system, impairing Government control and increasing private control as far back toward Mark Hanna conditions as the Republicans dare send it.

"Third we must look for labor troubles and interruption of production on a scale hitherto unknown.

"Fourth, we must anticipate an aggressive policy toward Mexico, which may lead into hostilities requiring us to furnish an army of occupation for Mexico for the next five or 10 years. The Republican platform, Lodge's keynote speech and Harding's utterances point to it. The autocratic spirit of reaction never will be content to let Mexico work out its own development, as we have tried to let it do, and as it has a right to do.

Cummings, who has been speaking in Ohio and Indiana, said the Democratic organizations in those states were confident of victory, and that a similar feeling was held by Democrats in West Virginia. His present trip will take him through to San Francisco, speaking in all of the states of the Southern route. He will speak at Topeka and Wichita in Kansas.

REPUBLICAN MEETING TONIGHT

Backers of Bogy Announce Tea for Women Voters.

The First Ward Republican Club will hold a mass meeting at 8 o'clock tonight in Wieser's Hall, 2000 North Grand avenue. Congressman Newton, Judge Hugo Grimm, Judge Carl Kimmel, Associate City Counselor Killoren and City Marshal Mohrstadt, all Republican nominees for city offices to be voted upon Nov. 2, will speak. The meeting has been arranged by Chairman Strudman of the Republican City Committee and Committeeman from the First Ward.

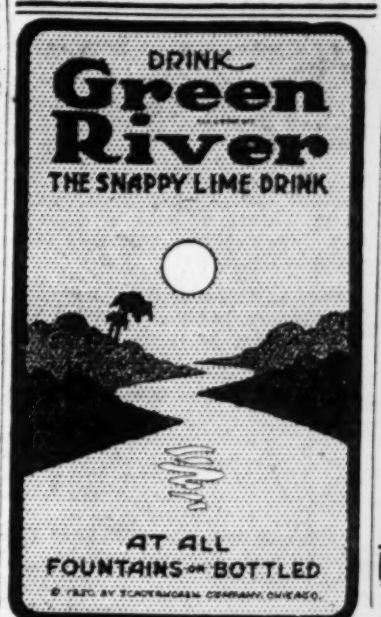

The Bogy for Congress League, supporting Bernard P. Bogy, Republican nominee in the Eleventh District, has announced a tea for women of the Eleventh, to be held at Hotel Statler at 2 p. m. Monday, Oct. 25, at which Bogy, Senator Spencer and Mayor Kiel will speak.

CAT EXAMINED FOR RABIES

Bit Its Owner, a Grocer, and Two Customers.

A cat that has made its home in the grocery of George Bischoff, 1157 South King's highway, was taken to the city hospital to be examined by the city bacteriologist yesterday, after policemen had been told it had bitten Bischoff several days ago and

yesterday had bitten two women customers in the store. Mrs. Blanche S. Keener, 26 years old, of 4471 Olive street, was bitten five times on the ankle by the cat when she visited the store at noon. Previously, the police learned, the cat had bitten Mrs. D. F. Crowder,

MISS ROSALIND THOMAS TO BE MARRIED NOV. 5

Ceremony Will Be At Her Home—Steinwender-Auer Wedding Set for Jan. 15.

MISS ROSALIND THOMAS, daughter of Edmond A. Thomas, of 4434 Westminster place, has chosen Nov. 5 as the date of her marriage to Oliver Keller of Lancaster, Pa. Because of mourning in the family only the immediate relatives and closest friends will be present at the ceremony, which will be performed in the evening at the bride's home by the Rev. Rev. Carroll M. Davis, dean of Christ Church Cathedral. A small reception will follow the ceremony. Miss Thomas was educated at Mary Institute and Vassar College and is a member of the Junior League. Mr. Keller is the son of Judge and Mrs. William H. Keller of Lancaster.

The marriage of Miss Margaret Steinwender and Stuart P. Auer of Milwaukee will take place Jan. 5, probably at the home of the bride's parents, Mr. and Mrs. Herman J. Steinwender Jr., 4400 Lindell boulevard. The wedding will be small and the bridal party will include three bridesmaids and as many men. Announcement of the engagement was made a few weeks ago. Miss Steinwender was educated at Ely Court, Greenwich, Conn., and was expected to make her formal debut this season when she was a maid of honor at the Valedictorian's ball. Mr. Auer is the son of Mrs. Louis Auer of Milwaukee.

Social Items

The wedding of Miss Nancy Maffitt Bates and William Geoffrey Kimball will take place at 5 o'clock tomorrow afternoon at the home of the bride's parents, Mr. and Mrs. Charles F. Bates, 4325 Westminster place, the Rev. Father O'Connor officiating. In the presence of members of the two families and a few intimate friends. The bride will be attended by her sister, Mrs. Arthur H. Bates as matron of honor and Charles E. Kimball Jr. will be his brother's best man. The ceremony will be performed by the Rev. George

WILL MAKE VISIT WITH RELATIVES IN EAST

Miss Janice Feldman

will be followed by a small reception after which the couple will depart for the East. They will reside at the Kingsbury Apartments and will be at home after Nov. 15. Miss Bates is a member of the Imperial and the Junior League. She was educated at the Sacred Heart Convent and in Europe. Mr. Kimball is the son of Mr. and Mrs. Charles E. Kimball of 13 Lenox place. He is a graduate of Yale and a member of the University and St. Louis Country Clubs.

Mrs. William Pickel of 3723 Delmar boulevard, accompanied by her daughter, Miss Margaret Pickel and her granddaughter, Miss Janice Feldman of 66 Kingsbury place, will depart tomorrow for New York to be gone several weeks.

The marriage of Miss Hazel Rainey, daughter of Mr. and Mrs. J. M. Rainey of 5736 Westminster place, to Everett Burrell Wiloughby will be solemnized at 8:30 o'clock tomorrow evening at the home of the bride's parents. There will be no attendance. The ceremony will be performed by the Rev. George

COMMUNITY KITCHEN SOLVES SERVANT PROBLEM IN EVANSTON

Food, Kept Hot in Thermal Containers, Delivered at Homes in Motor Trucks.

EVANSTON, Ill., Oct. 15.—Evanston's servant problem has been partially solved and the Evanston community kitchen, which is now more than a year old, has become a model after which numerous similar kitchens have been patterned all over the country. It delivers hot meals to the home by motor truck.

"Evanston has been suffering from a shortage of domestic help," said Mrs. James A. Odell, clubwoman, in explaining the plan. "Everywhere women, especially young mothers, are finding it impossible to do all that is required of them, to take care of the babies and the house, and have any leisure for the homecoming of the husband. An increasing number of families are fre-

quenting the hotels and cafes, sacrificing family life and interests to necessity. We felt that by delivering dinners to such homes a service would be rendered not to those families alone, but to society as well, by preventing the disintegration of the home and the annihilation of the family life."

The big problem, however, proved to be an adequate container, but this has now been solved. A complete meal is prepared in the kitchen, placed in suitable thermal dishes, heated to a high temperature and the portions enclosed in a large thermal container. The food retains its original temperature approximately six hours.

For the service a charge of 35 cents for each meal is made, plus 25 cents delivery charges. The kitchen has already proved a paying proposition and its success has been so marked that representatives from Los Angeles to Cleveland have visited the kitchen to get pointers for establishing similar institutions in their own communities.

VISCOUNT TO WED BARBER GIRL

Charles Saunders Dundas at 77 Will Take Third Wife.

LONDON, Oct. 15.—Announcement is made that Charles Saunders Dundas, sixth Viscount Melville, soon will marry Miss Margaret Todd, assistant in a barber shop in Edinburgh, says the Times.

This will be the third marriage of the Viscount, who is 77 years old.

Junior Republicans Chartered.

A decree of incorporation was issued yesterday by Circuit Judge Kimball to the St. Louis Junior Republicans, a new organization of young men and women adherents of the Republican party. The announced intention of the organizers is to use the St. Louis branch to nationalize the plan for an association of young Republicans. General meetings will be held on the third Thursday of each month. Headquarters will be at 303 Odd Fellows' Building.

SIMPLE WAY END DANDRUFF

There is one sure way to never fail to remove dandruff, and that is to dissolve it, you destroy it entirely. You just get about four ounces of common liquid arvon from the store (this is all you will need) at night when retiring, rub it to moisten the scalp and gently with the finger tips.

By morning, most if not all dandruff will be gone, and four more applications will dissolve and entirely destroy the single sign and trace of it, how much dandruff you may have.

You will find all itching and your hair will be fluffier and feel a hundred times better.

If your Grocer should go on a Permanent Strike

MAYBE YOU could get a part of your table supplies from downtown merchants.

Maybe you'd have to go to Chicago or some other big trade center for your staples.

It is quite possible that in time you could arrange for your coffees and spices to be delivered direct from the planters.

What a scramble there would be for the necessities of life—for existence.

Your neighborhood grocer brings your table necessities, and the little luxuries that make living worth while, within your easy reach.

The convenience of his service is always yours—you can depend on it. Yet, his profit is smaller than that of any other merchant on earth.

Glass of Salts Cleans Kidneys

If your Back hurts or Bladder bothers you, drink lots of water.
When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which remove the waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 900 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acid so it no longer is a source of irritation, thus ending bladder weakness.
Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking; and no doubt you will wonder what became of your kidney trouble and backache.

CHRISTENSEN TO SPEAK AT ALTON ON WAY HERE

Reception Committee for Meeting at Armory Tomorrow Night Announced.

Parley Parker Christensen of Utah, Farmer-Labor nominee for President, will speak at the First Regiment Armory, Grand avenue and Market street, at 8 o'clock tomorrow night. He is on his way west and will come here from Alton, where he is to speak at 4 p. m. tomorrow. Christensen will make a short address at a committee of Alton Farmer-Laborites, and if time permits will make a short address in Granite City. The party will cross to Missouri over the McKinley bridge, being met at the Illinois end by a pilot car and committee of St. Louis Farmer-Laborites.
Vaughn Hickman of Columbia, nominee for Governor of the Farmer-Worker party, Missouri branch of the Farmer-Labor party, and Mrs. Hickman, will head the Reception Committee. Hickman will make a short address at the armory before Christensen.
Only Two to Speak.
Farmer-Laborites arranging for the Christensen meeting have promised that those who attend will not be worn out with a long list of speakers, as probably only Hickman and Christensen will speak.
All of the unions in St. Louis have been invited to name vice presidents for the meeting, and a unanimous response was received from the railroad locals.
The reception committee for Christensen has been named as follows: Preston E. Norris, George W. Walker, A. P. Crook, W. S. McAdam, S. E. Chesnut, L. H. Froese, Bernard Martin, H. S. Craig, S. H. Lave, M. Kuhn, A. J. Dunn, W. A. Eschrenner, George W. Balz, Jul Andersen, Vaughn Hickman, Mrs. Vaughn Hickman, Charles A. Leonard, E. W. Allen, Robert N. Owen, W. H. Gruen, F. Thompson, Ben Wilson, L. R. Tyler, Edwin Floeth, Dr. G. Lippman, A. A. Clements, Eva Leona Quick, W. F. Collins, Hugh McFarlane, Joseph E. Turley, Sheridan Webster, John R. Dorris, H. V. McKnight, M. T. O'Donnell, Charles Swartzkopf, J. W. Warren, P. J. Mueller, D. O'Rourke, Charles J. Bauman, Florence Pitt, Robert Miller, J. A. Whaley, W. H. Green, R. H. Kramer, J. Frenger, George M. Harrison, Josephine C. Robert, M. J. E. Hartman, Paul O. Peters.
Sketch of Candidate.
Christensen, who is 6 feet 4 inches

in height, is said to have been nominated largely because of his skillful handling of the riotous Chicago convention at which the Committee

of 48 and other radical groups were merged into the Farmer-Labor party. He is a lawyer, a Cornell man, once a school teacher, and was for

seven years secretary and for four years chairman of the Republican State Committee of Utah. He was a Progressive in 1912.

ECONOMIST AGAINST PROTECTIVE TARIFF

M. Anderson Says Promise of Republicans Is "Cry From Stone Age."

The Republican party's promise to secure a protective tariff is a "cry from the Stone Age," Ben M. Anderson, formerly assistant professor of economics at Harvard and now editor on economics to the Chase National Bank of New York, told members of the City Club at a luncheon today presided over by Brockbridge Jones, president of the Mississippi Valley Trust Co.

Anderson, who is a son of Mr. and Mrs. Ben M. Anderson of Columbia, Mo., said that even the Republicans now that Europe owes private editors in the United States three and one-half billion dollars, and that the only way it can be paid is by turning the proceeds over to the editors, and the United States were not block this only avenue of payment.

With European credit largely gone, the United States until some measure is taken which will assure investors that their money will be safe in European securities and accounts, and it is essential for

business that the United States enter the league, Anderson said.

"For Europe has 100,000,000 people who, at the present rate of productivity in Europe, must emigrate or starve, and it is a matter of concern to us that Europe is full of people who have not had enough to eat for four or five years, that in countries between Russia and Western Europe are millions of children who have never tasted eggs, meat or milk and that Germany has a population a third too large for its present productivity," Anderson said.

"If the South are 4,000,000 bales of cotton, stained and unsalable except to Germany. And Germany can't buy. In Kentucky is a vast quantity of tobacco, marketable only in Europe, and Europe can't buy. In the West the wool grower, the miner and the farmer must think of this market shut off."

Republican unfriendliness to the Federal reserve system was discussed by Anderson, who said that he had personal knowledge that at the opening of the campaign the Republicans had planned a general onslaught on it, but had refrained in the fear that it might prove a boomerang.

Two Carloads of Whisky Seized. BARNIA, Ont., Oct. 15.—United States secret service operators, working with Canadian authorities, early today stopped a train as it entered Barnia tunnel, and confiscated 300 cases of liquor, found in cars labeled "razz" and "potatoes."

SMALL AND MCKINLEY TO SPEAK AT EAST ST. LOUIS SATURDAY

Candidates on Illinois State Ticket to Make Addresses After Harding.

Len Small, Republican candidate for Governor of Illinois, and William B. McKinley, candidate on the same ticket for United States Senator, will accompany Senator Harding, Republican candidate for the presidency, to East St. Louis Saturday evening, and will address a mass meeting which will be a continuance of the meeting Harding will address earlier in the evening.

Small and McKinley will join the Harding party at Terre Haute, Ind., and accompany him across the State.

FINED FOR CARELESS DRIVING
Salesman Assessed \$55 on Two Charges.

Stephan R. Griswold, a salesman of 511 Market street, today was fined \$50 on the charge of careless driving and \$5 on another, by Police Judge Mix.

The testimony showed that on the afternoon of Oct. 4 Griswold disregarded the order of the traffic officer at Delmar boulevard and King's Highway. A minute later, as he continued west on Delmar, his car collided with another at Union boulevard and turned over. He said he was trying to avoid hitting some children.

U. S. DIPLOMATIC MAIL IN IRELAND CENSORED BY MISTAKE

British Government Explains Officer New at Work Opened Note.

By the Associated Press. LONDON, Oct. 15.—The censoring of American diplomatic mail by the British military authorities in Ireland has led to informal inquiries at the Foreign Office by J. Butler Wright, charge of the American embassy, a quick expression of regret on the part of the British Government and a personal apology from the office responsible followed.

The letter in question was an offensive missive sent by the embassy to the American consul at Dublin, Frederick T. F. Dumont. It was seized by the British military in a raid on the mail, of which there were 300 bags, and the British explanation, that the letter was opened by officers not accustomed to censorship, without intent to pry into the diplomatic correspondence of the United States, has been accepted by the embassy.

ARTICLE 20 BLOCKS HARDING'S PEACE PLAN, COLBY SAYS

Continued From Preceding Page.

from reports received in Washington, "the League of Nations is going to sweep the country in this election," the audience stood.

"Reeds, Gores and Shields." "The Lodges, Reeds, Gores and Shields, in the last two years, have suffered terrible griping pains of hate and envy, as they saw the President go serenely forward in the accomplishment of his great purpose."

On the theme of national sovereignty as affected by the covenant, Colby said that every treaty with another nation was a limitation on the sovereignty of the United States, but that, in a higher sense, treaty-making was an exercise of sovereignty. As to the fa-

millar argument of "sending our boys" to settle the wars of Europe, he said: "The United States will always be able to get 20,000 or 30,000 volunteers, all that it will be necessary to send to stamp out the beginnings of new wars. This is preferable to having to put 15,000,000 men under the draft and send millions of them overseas."

"We talked of isolation in the time of the European war," he said, "until the war was brought to our very doorstep. German submarines sank our food-carrying ships, and the German general staff planned to occupy American territory as far west as Erie, Pa., and to lay a line of trenches to the Alleghenies and the Blue Ridge Mountains, so as to hold

the great industrial district of the East against any attempt of the Middle and Western states to recapture it. That was the sort of isolation we have enjoyed. And Harding talks of making a separate peace, relying all the time on the European allies to see that new inroads are not made upon us."

Secretary Colby denounced what

he termed the Republican policy of appealing to alien racial groups, on a basis of racial animosities, for the purpose of "defeating Americans in the effort to reach an American solution of American problems." He charged that such appeals were being made to those of German ancestry, and to Irish, Italians and Lithuanians.

\$25 Worth of Records Free With a Pathe Phonograph

THIS is such an extraordinary sale, the Pathe Phonograph is such an extraordinary phonograph—and the advantages of this sale are all so extraordinary you should lose no time in coming in.

Every person who has the slightest idea of owning a phonograph should hear this wonderful instrument. For it is the one you want to own the moment you see and hear it.

You have never seen such a Phonograph for \$150, to say nothing of the records and the rest of the equipment which are included. Nor have you ever heard such a Phonograph at any price.

If you were to guess at the price, guessing solely on appearance, you would price this Pathe Phonograph at many dollars higher than the entire outfit brings. But when you hear the Pathe's incomparable tone you will immediately make up your mind that, "Here is a phonograph that cannot be duplicated in tone at any price and one which I would rather own than any other instrument I have heard, even if I could get others for half the price."

Yet the Pathe Costs no more than the ordinary Phonograph

It is our conviction that the Pathe is the one phonograph you will really want to invest in after having seen and heard it, and the sole purpose of this sale of these splendid instruments is to give the Pathe as wide a publicity as possible and make it the most talked about and popular phonograph.

And because this sale offers so many advantages, you should take immediate advantage of it. You simply must come in and hear this marvelous instrument play a few of your favorite selections. Come tomorrow.

CUBA'S FINANCIAL TROUBLES CONTINUE

Opinion Is That Moratorium Must Be Modified to Carry on Business.

By the Associated Press.
HAVANA, Oct. 15.—Efforts to find a practical solution of Cuba's financial difficulties continued yesterday, but no definite plan has as yet been decided upon. Opinion is general, however, that steps must soon be taken looking to a modification of the moratorium decreed by President Menocal early in the week, as in its present form, it is pointed out, banking operations are virtually at a standstill and commerce and industry of all kinds are beginning to feel the effects of lack of available funds with which to carry on business and pay salaries and wages.

Several millions of dollars consigned to banking firms reached Havana yesterday and more is said to be coming, which, in a measure, has tended to restore confidence on the part of the public.

Government experts yesterday began examination of the books of the International Bank of Cuba and the Banco Espanol. A report on the condition of these institutions is expected soon.

Bankers are hopeful that banking institutions in the United States will aid in the work of restoring confidence in Cuba's credit, while much is looked for from President Menocal's efforts to arrange for the sale of the remnant of the sugar crop to the United States at a price, reports say, of 10 cents a pound. Relief of congested harbor conditions and the sale of many thousand dollars worth of merchandise tied up here for a long period, is also expected to have a beneficial effect, with a consequent lowering in the cost of living.

12,000 DISCHARGED SOLDIERS BEING TREATED FOR SHELL SHOCK

Of This Number 5578 Are in Hospitals Conducted by U. S. Public Health Service.

By the Associated Press.
PERRYVILLE, Md., Oct. 15.—A new Government hospital for the treatment of former soldiers suffering from shell shock has been opened here by the United States Public Health Service with the transfer of 100 patients from the temporary hospital at Cape May, N. J.

Special care and treatment of the mild types of mental disorders embraced in the term "shell shock" is offered. In addition to the main building, homelike surroundings are available in numerous individual cottages.

There are 12,000 discharged soldiers, victims of shell shock and kindred disorders, under treatment, 5578 of whom are in hospitals operated by the Public Health Service and the remainder in other hospitals where contracts provide proper care and treatment.

dence in Cuba's credit, while much is looked for from President Menocal's efforts to arrange for the sale of the remnant of the sugar crop to the United States at a price, reports say, of 10 cents a pound. Relief of congested harbor conditions and the sale of many thousand dollars worth of merchandise tied up here for a long period, is also expected to have a beneficial effect, with a consequent lowering in the cost of living.

CONSTABLE AND HIS BROTHER SUED FOR \$10,000 DAMAGES

Woman, 70, Alleges She Was Struck
With Iron Bar When Being
Evicted From a Farm.

A damage suit for \$10,000 was
filed in Clayton today against Frank
J. Schmidt, Constable of Carondelet
Township, St. Louis County, and his
brother, Henry William Schmidt, a
Deputy Constable, by Susanna

Becht, 70 years old, who declares
that Henry William Schmidt, in
evicting her on Nov. 7, 1919, from
a 17-acre farm which she held at
Lemay Ferry road and the River
des Peres, struck her several times
with an iron bar, injuring her se-

verely.
Henry William Schmidt also is a
Deputy Sheriff. He recently was in-
dicted on a charge of accepting
money and permitting a dice game
to be operated at Continental, St.
Louis County.

ADMITTS ROBBER PAID HIM TO LEAVE TOWN

Chauffeur Says He Went Away
to Avoid Appearing as Wit-
ness in Holdup Case.

Clyde Cowdery of 3740 Garfield
avenue, a chauffeur, today admit-
ted to the police that he left St.
Louis to avoid appearing as a wit-
ness against Abe Schneider of 1424
North Garrison avenue, in a high-
way robbery case after Schneider
had given him \$25 and told him
that if he remained in town it would
"go hard with him."

Schneider on June 9 last was con-
victed of being one of three men
who on March 12 last held up Jo-
seph J. Grote in his grocery at Gus-
tine avenue any Wyoming street and
stole \$60 in cash and \$144 in checks
from the cash register. The other
robbers have never been captured.
Cowdery drove a service car in
which the robbers went to the store.
He identified Schneider and was
summoned as a witness for the State
but did not appear in court.

At the time of the trial the Cir-
cuit Attorney's office asked the po-
lice to look for Cowdery. His ar-
rest at Grand and Eastman avenues
yesterday was in accordance with
this order.

At the Circuit Attorney's office
today it was at first said Cowdery
was no longer wanted, but after he
made his statement as to receiving
money from Schneider it was said
an information probably would be
issued charging Schneider with brib-
ing a witness, the minimum penalty
for which is two years in the peni-
tentiary.

Schneider after his conviction ap-
plied for a new trial and he is free
under bond pending disposition of
this motion.

The Circuit Attorney's office this
afternoon instructed the police to
hold Cowdery on a charge of accept-
ing a bribe and to arrest Schneider
on a charge of giving a bribe. It was
said warrants would be issued.

GERMAN INFANT MORTALITY HAS INCREASED HEAVILY SINCE WAR

Louis Sanne of Hamburg, Ger-
many, an official of the German
Red Cross and chairman of the
Central Council of German Relief
Activities, in a speech last evening
at Mission Inn, Grand and Magnolia
avenues, said infant mortality in
Germany this year would be 80,000
among the 3,500,000 children in the
larger cities, as compared with 40-
000 in 1913. This condition, he
said, was due to lack of milk and
animal fats. Before the war Ger-
many produced 28,000,000 liters of
milk a day, he said, and now pro-
duces only 3,000,000 liters.

He said Germany was grateful
for American relief measures, and
hoped the Americans would continue
their work out of money in behalf
of suffering German children through-
out the coming winter.

FIRE DESTROYS 2,000,000 GALLONS OF OIL AND GASOLINE

DES MOINES, Ia., Oct. 15.—Fire
fighters last night gained control of
the blaze which destroyed 2,000,000
gallons of gasoline and crude oil
stored in the Manhattan Oil Co.
tanks here.

The fire started yesterday after-
noon following a small explosion in
one of the tanks, thought by some
to have been caused by lightning.
The loss is estimated at \$1,000,000.

other objections less the subject of
dispute.
"For this course we can look only
to the Republican party and its can-
didates. The Democratic party and
Mr. Cox are bound not to follow it.
The Republican party is bound by
every consideration of good faith to
pursue such a course until the de-
clared object is attained.

"The conditions of Europe make
it essential that the stabilizing effect
of the treaty already made between
the European Powers shall not be
lost by them and that the necessary
changes be made by changing the
terms of that treaty rather than by
beginning entirely anew.

"That course Mr. Harding is will-
ing to follow, for he said in his speech
of Aug. 28:

"I would take and combine all
that is good and excise all that is
bad from both organizations (the
court and the league). This state-
ment is broad enough to include the
suggestion that if the league, which
has heretofore riveted our consid-
erations and apprehensions, has been
so entwined and interwoven into the
peace of this continent, then it can
be amended or revised so that we
may still have a remnant of the
world's aspirations in 1918 built into
the world's highest conception of
helpful co-operation in the ultimate
realization."

"We therefore believe that we can
most effectively advance the cause
of international co-operation to pro-
mote peace by supporting Mr. Hard-
ing for election to the presidency."

PEONAGE PRACTICED IN COAL MINES, IS CHARGE

United Mine Workers Ask Government to Make Investigation in Alabama.

By the Associated Press.

INDIANAPOLIS, Ind., Oct. 15.—The United States Government will be asked by the United Mine Workers of America to make an investigation and ascertain whether peonage is practiced in Alabama coal mines. It was said at the headquarters of the organization here yesterday. Developments in the strike of coal miners in Alabama indicate that such is the case, officials of the organization said.

The United Mine Workers' Journal, in an article published yesterday, says a number of mines in Alabama are surrounded by high board fences, with small guardhouses at the openings. At other mines there are guardhouses, it says, although there is no fence. The article points out that armed guards are stationed in these houses to prevent anyone from entering or leaving the camp without permission.

Not only does the Journal raise the peonage question, but it also reproduces copies of what it says are original blacklist letters sent out by the head employment office of the Tennessee Coal, Iron and Railroad Co., a United States Steel Corporation subsidiary in Alabama, to the employment clerks at the various mines and plants in Alabama. Some of the letters say that "under no circumstances must the following men be employed by this company," and then give the names of the men, their nationality, age, place where they were employed, the date of their discharge and the reason for discharge. In a majority of the cases the men were dismissed for agitation, and the United Mine Workers say this meant that the men either joined or sought to have other men join the union. The Journal says it has the original blacklist letters in its possession.

Some of the letters, it says, forbid

the employment of men who were discharged by other companies, and the Journal declares this indicates an interlocking blacklist between several companies, thus making it impossible for a man discharged by one company to obtain employment elsewhere in the district.

CHAPTER III

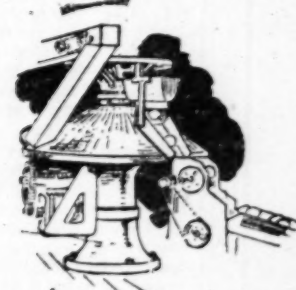

I TRAVEL AROUND A BIT

Synopsis of Previous Chapters

FRESH TOSTY is a beautiful big loaf of bread, of fine silky texture, nut-brown crust—a tasty, fragrant loaf that slices better, tastes better, keeps better than ordinary bread. TOSTY tells the story of her early-morning travels through an automatic bake shop. She begins with the blending and sifting of high-grade flours—brands familiar to every housewife. She tells about her "make-up" of flour, pure milk, filtered water, yeast, lard, salt and sugar. She tells how she is kneaded by electricity, how she is raised for three hours in spotless troughs, how she is divided into loaves automatically.

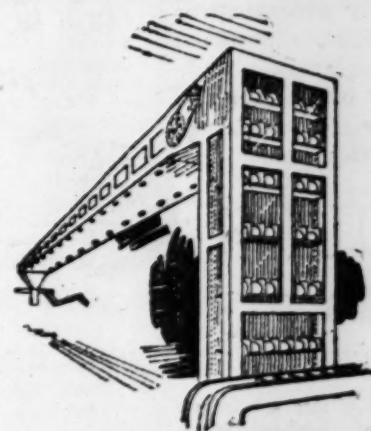

I TOLD "you" that "I" was shaped like a big candy "buttercup" when I came out of the dividing machine and took a short and restful ride on an endless belt.

At the end of a five minutes' trip I am hurled off the belt, and, quicker than you could say "Jack Robinson" I'm

Now I slip right into a reserved seat on another traveling belt. The atmosphere is warm. The yeast inside of me makes me yawn and stretch. I expand mightily as I am carried along slowly but persistently. I have twenty-five minutes of this leisurely travel and raising, when behold!

I see below me a wicked looking machine that is snatching my sister loaves into its depths with a speed that makes me dizzy. Look out for the molder! Whoop! Quicker than a flash I shoot into its capable hands.

"Hands" is right, for the mechanism makes exactly the same motions as you would in molding bread, but does it

hundreds of times quicker and with never a speck of difference in the shape of the loaf.

AMBASSADOR DAVIS PLEADS FOR SOBER VIEW OF LEAGUE

Says Primacy of the Nations, First Place in Service of Mankind, Is Within America's Reach.

"GREATEST ISSUE SINCE SLAVERY"

Demand That 39 Nations Throw Away Their Work, Take Substitute, "Essence of Conciliation and Modesty."

By Leased Wire From the New York Bureau of the Post-Dispatch.
NEW YORK, Oct. 15.—John W. Davis, Ambassador to Great Britain, concluded an address on the League of Nations last night in Cooper Union with these words:

"In material wealth, in energy and power, America today is first among the nations. To whom much is given from him shall much be required. Supremacy she does not and must not covet; it will be a sorry day for her and for the world when the poison of that hateful lust shall enter her veins. But yesterday the primacy of the nations was hers for the asking. It is a prize too glorious to be tossed like a bauble into the sea.

"There still awaits for her, if she will but be true to herself, a place, prouder than any fallen empire has ever filled, an honor greater than any conqueror has ever dreamed. There is still within her reach, if she will grasp it, the great place and the great reward of him who is first in the service of mankind."

The occasion, as explained by Prof. Irving Fisher of Yale, was educational, and not political. Tonight James M. Beck, one of the opponents of the league, will present the case against it. The meeting last night, held under the auspices of the Board of Education's Lecture Bureau, was attended by 2000 persons, who packed all available space in the historic hall, where, as Prof. Fisher recalled, "Abraham Lincoln had discussed slavery." Ambassador Davis, referring to this, declared that, in his opinion, "The League of Nations is the greatest issue confronting this nation since that of slavery." His remarks were most warmly received.

Autocracy and Modesty.
In view of the non-political aspect of the meeting, Davis mentioned no names. But the audience caught the full import of his remarks. For instance, referring to Senator Harding's recent proposal to form a new league or association without naming the candidate, Davis said: "More surprising still, there are those, with whom the wish is father to the thought, who declare that the present experiment which has received the prompt and cordial approval of 39 sovereign and independent nations has already failed, and who yet ask us to believe that these same powers wait only for a new proposal from America to begin all over again. The President's insistence upon the ratification of the treaty by the Senate is dubbed autocratic, but a demand upon 39 nations to throw away their work and accept an American substitute, is the essence of conciliation and modesty."

Davis warned his hearers that "if the American people are to decide America's attitude intelligently, they must leave the realm of fancy and descend to sober fact. They must stop thinking about yesterday and think about today." He then described the high aspirations of the entire world following the armistice and resumed: "The League of Nations has been called a superstate, and its council an international legislature, neither of which is true; it has been debated as a contract and interpreted with the anxious scrutiny of a litigated document; but it deserves to be thought of primarily as a program of action directed to a definite end—the prevention of war."

Six Decisive Steps.
"The lessons of the great war and the lessons of history clearly pointed to six decisive steps which the nations should take to render future war improbable. I name them in the order in which they appear in the covenant of the league:

- "1. Reduction of armaments.
- "2. Abolition of wars of conquest.
- "3. Arbitration of disputes and abolition of wars of surprise.
- "4. Creation of a permanent court of international justice.
- "5. Abolition of secret treaties.
- "6. International consultation and co-operation in social activities of international concern."

"We have heard much talk about Americanizing the league. But it needs no Americanization. For it breathes more Americanism than ever was incorporated in any covenant or treaty."

This statement was heartily applauded.

League "Going Concern."
Declaring the situation confronting us today is that the league is a "going concern, already playing a large part in the life and destinies of mankind," Davis referred again to the Republican program, saying: "The choice which lies before her is not, as some seem to think, between the present League of Nations and some other society or association, not between the covenant of Versailles and one which even its sponsors have not yet begun to frame, but between membership in

the present league and a position of solitary isolation. Stripped to its bones the question is, as the presidential candidates have now made clear, are we to go in or are we to stay out? In my judgment the latter course is not only false to America's ideals, untrue to her professions of humanity and service, but fraught with the utmost danger to her vital interests."

Lecture on Foreign Painting Schools.
The first of a series of eight public lectures by Holmes Smith, professor of drawing and history of art at Washington University, on the foreign schools of painting represented in the City Art Museum, was delivered this afternoon in the Art Museum. Lectures will be delivered each Friday afternoon.

The Common Fault With Most Cooks is to Use Too Much Shortening

ONE of the most embarrassing things for a housewife is to have her cake turn out "heavy"—or her pie crust "soggy." Not only unsatisfactory to the palate but the cause of many people saying: "Pies give me indigestion"—or "I can't eat pastry."

Yet this is a condition easily avoided.

Don't use too much shortening.

You use $\frac{1}{3}$ to $\frac{1}{4}$ less Mazola than you need of either butter or lard—with better results.

If it's pie, Mazola will make the finest, most delicate and easily digested crust you ever tasted.

Or if it's cake—both lightness and richness will result from using Mazola.

And being an oil it is always ready for instant use—no tiresome "creaming-in."

This is because Mazola is an absolutely pure vegetable fat from an edible source. It is 100% fat—contains no moisture as is contained in butter and lard.

Once you try Mazola you will prefer it to lard and other shortenings.

CHICAGO TRIBUNE FOR LEWIS FOR GOVERNOR

Thompson-Tammany Support
Said to "Stain" Illinois State
G. O. P. Ticket.

Special to the Post-Dispatch.

CHICAGO, Ill., Oct. 15.—Today's Chicago Tribune, a Republican newspaper, under the caption "Lewis for Governor," says editorially:

"Announcement by Lieutenant-Governor Oglesby, the defeated candidate for the Republican nomination for Governor of Illinois, that he will support the Republican ticket headed by his rival, Len Small, makes the matter of party regularity a vitally interesting feature of the State campaign. It is easy to understand why the professional politician should thus make loyalty to party his guiding star. It is not so natural or logical that the private citizen should do so. The politician depends upon his party for success. Success is primarily the attainment of office. That is a vital requisite to his career. However high his ideals or purposes, he can attain them only by the victory of his organization at the polls. So much for the party regularity of the professional politician. "The individual citizen faces no such situation. His need and his purpose is to put into office the men and the policies which he believes will conserve his liberties, protect and enhance his property and generally improve his condition.

"G. O. P. Ticket 'Stained.'"

"He can vote the Democratic ticket one year and the Republican ticket the next and his vote will have the same weight on each occasion in determining Government. What he wants is the best Government possible, whether it be Democratic or Republican.

"The situation in Illinois has come to this. An effort must be made to get the best Government possible for the State. We do not believe the issue here can be determined solely upon party lines. With the nomination of Len Small for the governorship, Republicanism has become more than Republicanism in Illinois. It is Thompson-Tammany Republicanism. The Thompson-Tammany organization cannot impair the best national policies and traditions of the Republican party, but it has impaired the true Republican principles of the State. By so doing it has injected an element into the State election which stains the State Republican ticket.

Urges Votes for Lewis.

"The issue has become one of individual rather than party principle. What the Tribune has said of the Thompson-Tammany organization in the past it still believes to be true. It believes this organization has exploited and looted the city of Chicago for purely selfish ends. It believes this organization is eager to control the State administration in order that it may extend its field of exploitation.

"It believes this is a real danger to the prosperity of the city and of the State which overshadows any dangers in the personnel and platform of the Democratic State ticket. It believes, therefore, that between the two tickets the best interests of the State and city will be served by voting for James Hamilton Lewis rather than for Len Small. The national issue is something entirely different. We believe the best interests of the nation will be served by the election of a Republican President."

THREE INDICTED FOR BURGLARY

Men Captured After Whisky Was Removed Are Accused.

Indictments charging burglary and larceny were voted by the grand jury yesterday against Joe Sanders, Theodore Werner and James L. Traynor. The three were captured single-handed early last Monday by Patrolman Behn after two barrels and several cases of whisky had been removed from the cellar of James L. Hopkins' home at 3921 Westminster place.

Sanders was released from the Jefferson City penitentiary last May after serving a five-year sentence for highway robbery. At the time of the attempted whisky theft at the Hopkins home he was awaiting trial on a highway robbery charge.

Does She Measure 43 Inches?

Your little daughter should measure 43 inches if she is six years old. And she should weigh 44 pounds. If she is under weight or undersize probably she has not had the proper breakfast. Keep her healthy by giving her

Ralston Wheat Porridge

Ralston—because whole wheat contains the gluten and starch necessary to make firm flesh and hard muscles, and the phosphates which build strong straight bones and teeth.

Porridge—because in a cooked cereal the food elements are much more easily digested; because the child's stomach, inactive for twelve hours, needs warm food to stimulate digestive action.

Ralston Tastes Good

Your youngster will want more Ralston. The whole wheat berry, and especially the sweet, nut-like kernel, always left in Ralston, has a most delightful flavor.

Try the Ralston flavor tomorrow—keep your child on the road to hearty health with a bowl of delicious, wheat porridge.

2500 SUITS TO BE FILED AGAINST TAX DELINQUENTS

Police Judge Mix Among Defendants—Goltz, Sued, Says Matter Might Have Been Overlooked.

About 2500 suits for delinquent personal taxes, for periods up to five years, have been prepared by Collector Koeln, and will be filed within the next few days.

A few were filed yesterday, including a suit against Edward F. Goltz, member of the Democratic National Committee, for personal taxes in 1915, 1916 and 1917, a total of \$902.87. Koeln said today he did not know Goltz was included in the list, and that if he had known he would have notified him before filing the suit. Goltz said, on learning of the suit, that the matter of the taxes might have been overlooked by his secretary.

Defendants in two of the suits which have been prepared for filing are Police Judge George E. Mix, \$17.38 for four years, and Chester H. Krum, \$8.93 for two years.

DENIAL ACETYLENE GAS CAUSED FIRE AT ST. LOUIS CAR CO.

Member of Company That Supplies Gas Says Explosion Could Not Have Been Possible.

A police report on Monday night's fire at the St. Louis Car Co. plant, 5000 North Broadway, attributed the fire to an explosion of acetylene gas. This was mentioned in the Post-Dispatch's news story of the fire Tuesday. Later investigation has not confirmed this theory, and an official of the plant said yesterday afternoon that acetylene gas was not believed to have had anything to do with the origin of the fire.

J. H. Bondeson, representative of a firm which supplied acetylene gas to the car company, said that an explosion of acetylene gas, in the containers in which it is supplied, would be an impossibility. The containers, which are of steel, have safety valves, he said, and if one of them should become heated, causing the gas to ignite, it would not explode, but would burn out through the valves. Bondeson was informed at the plant that it had not appeared that any of the containers had been in the steel erection shop at the time when the fire started there.

WORLD TRADE CLUB FORMED IN ST. LOUIS

F. Ernest Cramer Heads Organi-
zation to Further Export
Business Here.

Organization of the World Trade Club of St. Louis was completed at a luncheon at the American Annex yesterday, held by the Foreign Trade Bureau of the Chamber of Commerce. F. Ernest Cramer, chairman of the bureau, was elected president of the club. The other officers chosen are R. P. Block, export manager of the Shipley Hardware Co., first vice president; W. E. Tarleton, export manager of the Brown Shoe Co., second vice president; A. H. Boette, International Trading Co., third vice president; J. A. Troy, secretary of the Foreign Trade Bureau, secretary-treasurer.

The club is planned to be an export aid similar to the Export Managers' Club of New York, Exporters' Round Table of Boston and the Foreign Trade clubs of Chicago and San Francisco. Its object will be the promotion of foreign trade for St. Louis manufacturers. The club will hold monthly meetings, which will be addressed by speakers versed in foreign trade.

Trade Commissioner Speaks.
William L. Schurz, Trade Commissioner of the Bureau of Foreign and Domestic Commerce of the Department of Commerce, who recently completed a commercial and economic survey of South American countries, reported his observations in the southern continent at the luncheon yesterday.

"The Latin-American always remembers a certain line of goods by the trade mark," said Schurz. "If you put a pictorial trade mark on your goods, the Latin-American will become familiar with your product. He will continue to buy the line he is used to unless the quality declines or the price goes beyond his reach."

"There is a tendency in this country to treat South America as a unified trade problem. That is wrong; the buying capacity in the different countries varies greatly. The buying capacity of the average citizen of Uruguay, for instance, is four or five times that of the Paraguayan. This variation in buying capacity is noticeable between other countries, parts of the same country and cities in the same country."

"The Latin-American is extremely finicky as to his wearing apparel. He won't wear coat shirts or union suits of underwear, and he wants severe colors in his neckties and a certain type of shoes. Many of the men carry guns, and they want them with flashy, nickel-plated barrels, not dull automatics to be hidden in hip pockets."

Must Honor Their Whims.
"The only way to get along with them is to humor their whims. Don't try to tell them what they want, or how their goods should be packed. Packing as the Latin-American merchants ask is essential. American packing now compares favorably with that of our European competitors."

Schurz will be at the local office of his department, room 402 Third National Bank Building, today and tomorrow to advise business men on South American trade conditions.

Congressman Dyer delivered an address also, telling of his observations on his recent Oriental tour, especially in China. He told of his bill pending in Congress for Federal incorporation of American companies in the Orient. His observations were reported in detail in the Post-Dispatch on the day he returned from China.

U. S. NAVAL HONORS FOR 100 FRENCH NAVAL OFFICERS

Decorations Presented to Vice Admirals Lacaze, Ronarch and Jaures at Paris.

PARIS, Oct. 15.—The first United States naval decorations ever distributed abroad were conferred yesterday by American Ambassador Hugh C. Wallace on behalf of his Government, on more than 100 French naval officers. Among them were Vice Admiral Lacaze, former Minister of Marine; Vice Admiral Ronarch, commander of the French marines who were the heroes of the great fight at Dixmude in 1914, and Vice Admiral Jaures, brother of Jean Jaures, the Socialist leader, who was assassinated on the eve of mobilization in 1914.

Ambassador Wallace was assisted by Rear Admiral Thomas P. Magruder, naval attaché to the American Embassy, in the ceremony.

The Gasoline Situation in 1910 and Now

IN 1910 there were approximately 400 thousand cars in the United States.

To operate these cars there was available a gasoline production of 750 million gallons, or, approximately, 1875 gallons per car.

In 1919 there were more than 7 million cars and trucks operating in the United States.

To supply these engines there was available, according to Bureau of Mines Report, 3 billion, 957 million gallons of gasoline, or, approximately, 565 gallons per car.

In neither case has consideration been given to the demand of tractors, stationary gas engines, or the gasoline required by the arts and industries. Nor have we considered the large volume of this product shipped abroad annually.

The above figures are presented so that you may visualize one of the problems the petroleum industry has been called upon to solve in the past decade.

In 1910 the Standard Oil Company (Indiana) marketed about 20 percent of the gasoline output in the United States, or approximately 150 million gallons. In 1919 this Company sold about 640 million gallons of gasoline, or about 17 percent of the total for that year.

It has been the task of the 7 men who manage the affairs of the Standard Oil Company (Indiana) for the 5124 stockholders, not one of whom owns as much as 10 percent of the total, to expand the organization not only to keep pace with, but to keep ahead of the extraordinary and persistent demand for gasoline.

How well they have succeeded is illustrated clearly by the fact that in the 10-year period above mentioned, the Standard Oil Company (Indiana) has taken a leading part in increasing gasoline production 440 percent, while crude oil production increased only 94 percent.

Who buys the 35,000 pairs of shoes made by McElwain each day?

LOOK about you and you will see. Not the rich who are driven in limousines; they pay an extra price for trifling niceties; not the poor to whom a shoe is a shoe.

But the business man, the doctor, the lawyer; the men who drive their own cars or ride on the subways and street cars or walk to their work—the discriminating middle class of men who demand a maximum of style and wear for every dollar of cost.

These are McElwain men and their sons are McElwain boys. For the McElwain idea is this—to buy hides direct from the producers of hides; to tan them in McElwain tanneries; to make only certain standard grades of medium-priced shoes; and by making them for the millions to make them better for less.

It is on this principle that the McElwain business has grown from little things to be the largest of its type in the world.

You have helped in building it by asking your dealer for "the best pair of shoes at a medium price". In the future you may use a shorter phrase. Say merely "McElwain Shoes", for the name "McElwain" is now plainly stamped on the sole of the shoes McElwain makes.

Carpentier's Record as an Aviator Ought to Prove That He Was on the Up-and-Up

Awkward Bandy's Ruggedness Beats Skillful Kabakoff

South Sider Keeps Mauleys Swinging All the Way and Outscores Ghetto Ghost.

LOSER RALLIES GAMELY

Harry, Beaten Badly in Four Rounds, Makes Bandy Take to Cover in Fifth.

Last Night's Results

Eddie Vandeweyer (Kid Bandy) outpointed **Harry Kabakoff** in eight rounds; weight 128 at 3 o'clock.

Orb Jelly outpointed **Pete Macklin**, eight rounds, at 130 pounds.

Bob Hillyer, New York won on foul in second round from **Meyer Frank**.

Jack Hicks outpointed **Frank Frisco**, four rounds, at 110 pounds.

Walter Heiser, referee.

Harry Kabakoff was beaten at the Coliseum last night, but in his eight-round bout with **Kid Bandy** he displayed a ring asset new to his list—a fighting heart against overwhelming odds. The Fighting Mouse from the Ghetto had about as much chance against the South St. Louis bull terrier as old Don Quixote had in his famous passage-at-arms with the windmills.

Nevertheless in the fifth round, after being hopelessly outpointed, battered and cuffed about for four stanzas, Kabakoff, who usually fights a whole of a fight in the early rounds, only to tuck himself into defeat in the late minutes, tore into the rugged Bandy with the gameness of a Kid Regan, and actually made the South Sider do a bit of tuckering and covering and clinching himself.

But the storm soon subsided and in a round and a half Bandy again was the miter and Kabakoff's lamb-like efforts at dealing out punishment again were as confetti against the wildly lashing flails that Bandy kept whirling through the air.

The Old Story of the Ring.

The Bandy fight is a better boxer than Kabakoff is no doubt. That Kabakoff is no match for the rushing Bandy is equally beyond dispute. It was as though a courageous lamb, if such there be, had been turned into the pen to be stampeded to death by an infuriated bull. From the first going the eyes of Bandy glared forth hatred and so eager was he to completely wipe his opponent out of existence that he forgot that his right hand had ever been broken. He went right mauley and left mauley flying through space with the reckless abandon of a drunken crape shooter scattering dollar bills to his followers.

Eventually Kabby was sure to get in the way of some of these swings, and when he did the Bandy contingent howled with glee. It certainly seemed that murder, or at least mayhem, was about to be committed.

Kabakoff's skill enabled him to dodge the flying fists in the first round, which ended with neither having an advantage. Kabby made the first lead, landing a light left, which brought Bandy back with a rush, and a wild trio of swings at Kabby's midriff. Kabby smiled sickly.

In the second round Bandy landed a solid left to the Kabakoff midsection, and with his right cut across the side of the Ghetto Ghost's nose. Bandy had a shaft in this round.

Bandy Starts Big Offensive.

Bandy apparently realized by this time that he was in no danger, and he threw caution to the four winds, and leaving himself wide open, swung his awkward one-two at Kabby. Bandy's left started from his hip and whaled upward at the Kabby conk. The right hand then took the baton and relayed down at Harry's head. The variation was that the left sometimes was sunk into Kabby's body, and usually it drew that sickly smile from the Ghetto Mouse.

In the fourth Bandy used the same tactics and scored heavily for a minute and a half. Kabby rallied at this point and found that he could do damage while Bandy was wide open. He landed solid punches to the face with right and left for the first time in the bout Bandy knew how to use an opponent with useful hands. Kabakoff rushed from his corner in

Carpentier, Overplayed By Press Agents, Now Getting the Back-Fire

Stories of His Marvelous Ring Ability, Based on Motion Pictures and Exhibitions, Were Not Supported by His Record Against American Opponents.

By John E. Wray.

To the public nostril every scent now carried by the professional sporting winds smells like carrion. Since the carcasses of the last world's series scandal were brought to light at Chicago, nothing is sweeter to the fan's olfactory organ than the stench of a man who could almost make him believe that after roses was nothing but assafetida.

And so it comes to pass that a world-famous fighter and a world-famous hero of the late war, Georges Carpentier, is being viewed with suspicion, because of his recent fight with Battling Levinsky, which he won with ease.

The suspicion of "fake" has been cast on the event, although convincing denials have been entered by all concerned and although there was little or no reason for seeing anything unusual in the outcome of the contest.

It is not necessary to have seen the fight to know what happened. Levinsky, never a hitter to be feared, and a worn-out hulk from too frequent fighting in the early years of the 12 he has spent in the ring, was opposed to a faster man with punch. He took a solid lacing in three of the four rounds and received enough blows in a vital spot to have sunk a battleship, accounts declared. Yet the suspicion that he "laid down" immediately arose.

Too Much Press Agent.

But the real thing that is causing suspicion as to the fight was the failure of Carpentier to live up to the propaganda concerning his remarkable skill. The public had been led to believe he was a superman in the boxing world and was disappointed when he showed some traits not at all consistent with those of a first-class ringster. Unless the tactics in regard to exploiting the Frenchman are changed, unless the Carley propaganda is toned down to something nearer the truth, the public will be even more disgusted with the Dempsey-Carpentier contest when it takes place.

As a matter of fact, there is nothing in the record of Carpentier's fight with Tommy Sullivan's plea to turn the tide rising in his ears. And Kabby did his best. He rushed at Bandy and landed a straight left. He followed with a right cross, blocked by Bandy's countercharge and again landed the old-time Kabakoff one-two on Bandy's face. Bandy went to cover, gave ground and lost a bit of his confidence. He was guilty of much wild swinging and in this round showed his inferiority as a boxer. It was the first round for Kabakoff and the first in which either boxer had scored a lead by clean punches, well timed, well maneuvered.

Pace Too Hot for Kabby.

Kabakoff tried to follow up his advantage in the sixth, but the fast pace in the fifth had had its effect when the round was half over. Bandy again had assumed the offensive, to hold it virtually throughout the rest of the fight.

Bandy put on a terrific storm in the seventh frame and was mauling Kabby about so mercilessly that Tommy Sullivan, matchmaker and manager of Kabby, pounded wildly on the floor of the ring for Referee Heiser to please do something to save his lamb. Heiser warned Bandy that he had hit a bit low. At that Kabby yelled and held Bandy even in the round, but in the eighth was plainly weakened from the effect of the battering ram attacks of the relentless chauffeur.

In the semi-windup Orb Jelly and Pete Macklin, 130-pound cave-men of the ring, put up a great exhibition of slugging. Jelly dropped Macklin for a count of eight in the fifth, but Macklin staggered through the round and recuperated sufficiently to brave later attacks.

Meyer Bender was on the verge of being knocked out by Bob Riley of New York in the second round, when he fouled Riley and Heiser stopped the fight. Jack Hicks outpointed Frank Frisco in four rounds.

In the Macklin-Riley fight Referee Heiser got in the way of a wild swing and went down groggy. The bell, however, saved him. About 6000 persons witnessed the bouts.

CARDINALS WIN FROM MEXICO ATHLETICS, 4-2

MEXICO, Mo., Oct. 13.—The Cardinal Barnstormers, with Fred Schupp allowing six hits, defeated the Mexico Athletics in an exhibition game here yesterday, 4 to 2. A four-run rally in the third won the contest for the major leaguers. Mexico scored one run in each of the second and eighth innings.

Vernon Wins Pennant.

LOS ANGELES, Cal., Oct. 15.—Vernon won the championship of the Pacific Coast Baseball League yesterday, when it defeated Portland, 3 to 2. With the victory, Vernon has won 107 and lost 87 games this season. This is the second consecutive year Vernon has won the pennant.

Tigers Release Pinelli.

DETROIT, Mich., Oct. 15.—Ralph Pinelli, who played third base this season for the Detroit Americans, was released today to the Oakland club of the Pacific Coast League. Pinelli goes to the coast as part payment for Pitcher Hollins.

THE DEATH OF COCK ROBIN

WHO killed Cock Robin?
"I," said Coveleskie.
"I hereby confess,"
"I killed Cock Robin."

Who saw him die?
"I," said Tris Speaker.
"I watched him grow weaker.
I saw him die."

Who caught his blood?
"I did," said Mails.
"There were several pails.
I caught his blood."

Who'll make his shroud?
"I will," said Sewell.
"Because I can sew well,
I'll make his shroud."

Who'll dig his grave?
"I will," said Gardner.
"He was my old partner.
I'll dig his grave."

Who'll be the parson?
"I," said O'Neill.
"Because I can spiel,
I'll be the parson."

Who'll be the clerk?
"I will," said Jamey.
"For no one can blame me,
I'll be the clerk."

Who'll be chief mourner?
"I will," said Robbie.
"For that is my hobby,
I'll be chief mourner."

Who'll sing his dirge?
"I," said E. Smith.
"Though he's no kin or kith,
I'll sing his dirge."

Who'll bear the torch?
"I," said Geo. Burns.
"For him my heart yearns,
I'll bear the torch."

Who'll tote the coffin?
Said Wamby, "Go to it,
Unassisted I'll do it,
I'll tote the coffin."

Who'll bear the pall?
"I," said Joe Wood.
Let it be understood,
I'll bear the pall."

Who'll toll the bell?
Said Bubby, "I'll jerk it,
I know how to work it,
I'll toll the bell."

All the birds in Flatbush
Were singing and sobbing
When they heard the bell toll
For poor Cock Robin.

PLAYERS SUMMONED TO TESTIFY IN HEARING ON COAST LEAGUE SCANDAL

LOS ANGELES, Cal., Oct. 15.—Summoned to five Pacific Coast League baseball players have been issued in preparation for the investigation starting today charges of corruption in connection with Coast League games.

Representatives of the Los Angeles club, which lost to Vernon in the 1919 pennant race, have declared that the race last year was "fixed."

The Los Angeles County grand jury will hear the witnesses subpoenaed by the District Attorney's office.

Those summoned, according to W. C. Doran, Chief Deputy District Attorney, are Walter H. McCredie, manager of the Portland team; Arthur Kohler and Delmar Baker, Portland catchers; Robert Fisher, Vernon second baseman; and W. Baker ("Babe") Borton, former Vernon captain and first baseman.

CARPENTIER AND HIS MANAGER LICENSED BY NEW YORK COMMISSION

NEW YORK, Oct. 15.—Several prominent boxers and managers have been granted licenses by the New York State Boxing Commission, that body announced here today.

Georges Carpentier and his manager, Francis Descamps, were among them. Followers of boxing were inclined to believe that this indicated an intention on the part of Carpentier to box in this State during the next few months.

St. Louis Browns' Boss Says He Is Satisfied With His St. Louis Berth.

DETROIT, Mich., Oct. 15.—Hugh Jennings, manager of the Detroit baseball club for 14 years, today tendered his resignation as manager of the team, to take effect immediately.

The letter of resignation was received by Frank J. Navin, president of the club, this noon. In it Jennings declared that he had studied the baseball situation and felt that a change would be beneficial both to the club and to himself.

The letter in part said:

"I hereby tender my resignation as manager of the Detroit baseball club, to take effect at the expiration of my contract, October, 1920. I take this step with considerable regret. However, I have studied the baseball situation in Detroit and feel a change would be beneficial for both the club and myself."

President Navin said today that while he had anticipated the resignation, he had no announcement to make at present regarding Jennings' successor.

The resignation of Jennings is in line with a story sent by a Post-Dispatch staff correspondent from Cleveland, during the recent world's series, stating that Jennings would quit and that Jimmy Burser of the Browns would succeed to the position if he would accept the post.

Burke was called this afternoon and told that Jennings had resigned. He was then asked if he

CLEVELAND CHAMPIONS HOLD FAREWELL MEETING

CLEVELAND, O., Oct. 15.—The Cleveland Indians, world's champions baseball players, held their farewell meeting at League Park yesterday, after which they disbanded for the season.

Among the first players to leave were Joe Wood and Stanley Coveleskie, who motored east to join the Navy and the Army respectively in December. The party will include Wood, Coveleskie, Steve O'Neill, Bill Wambagga, George Burns, Jack Graney and Trainer Percy Smallwood.

MISS STIRLING WINS OVER MISS HOLLINS

PHILADELPHIA, Oct. 15.—Miss Alexa Stirling, woman's golf champion, easily defeated Miss Marion Hollins, New York, in the second round of the Bertha Bell cup tournament yesterday by 4 up and 3 to play.

Miss Stirling was a close shot of her game, getting her tee shots off with precision, playing her iron and brass shots nicely and putting in splendid fashion. Miss Hollins, however, failed to get her shots off the tee properly, pulling and slicing the ball. Her work the fairway was poor and on the greens she could not sink the ball in the manner in which she has been able to do in other matches.

TILDEN AND HARDY WIN IN EXHIBITION MATCHES

PITTSBURGH, Pa., Oct. 15.—William T. Tilden, singles tennis champion of the world, and Capt. Samuel Hardy, members of the United States Davis cup team, appeared in exhibition games here yesterday. In the singles Tilden defeated C. S. "Chuck" Garland, 5-7, 6-3, 6-1, while Hardy won from Dr. W. W. McElroy, 6-4, 1-6, 6-1. Tilden and McElroy were pitted against Garland and Hardy in the doubles match, which was called off on account of darkness before either side had won.

GOPHER STAR LIKELY TO MISS INDIANA CONTEST

MINNEAPOLIS, Minn., Oct. 15.—Further gloom was cast over the Minnesota football camp today when it became known that Arnold Oss, star halfback, probably will be unable to get into the game with Indiana here Saturday. He has not yet fully recovered from injuries received last Saturday at Northwestern. The Indiana team is scheduled to reach here today.

WHEAT
EXCITED;
RISK IS STRONG

Wheat futures took a spurt in the market today and closed at wide upturn on the Pacific and also on the Atlantic. Local hard wheat was 15c higher.

The advance in wheat here followed the swing to higher level at Chicago. Shorts ran to cover. There was report of British having taken grain on the Pacific and also report that a private statistician had held the Government had overestimated farm reserves. A statement that Government of Kansas had received word from the White House that the product of growers would be referred to the departments of Government. The close of the market was moderately advanced with such problems, also probably exerted an influence.

There was no material change in the situation and sentiment was mixed. The attitude shown by Government officials to the proposal of growers that they be helped to hold their grain did not alter the general market situation.

Some export corn business overnight was reported.

MORE TRUTH THAN POETRY

By James J. Montague.

A Chicago Judge in deciding a case had the opposing lawyers shake the dice.

Time was, ere a lawyer went out for the Bench,
He boned up on contracts and torts,
And burned midnight oil in unwearying toil
Over volumes of dreary reports.
He had to know Blackstone and Marshall by heart,
And obiter dicta, and pleas,
Or he wasn't thought fit in a courtroom to sit,
And solemnly issue decrees.

But now, when the lawyers their case have put in,
The judge doesn't pull a long face
And avidly look through some seven pound book
To hunt out the law on the case,
But pulls up the sleeve of his billowy gown
And murmurs in business like tones,
"To settle this suit the attorneys will shoot,
Let the bailiff provide them with bones."

The lawyers approach, while the jury looks on;
Defendant and plaintiff, wide-eyed,
Their emotions control as the ivory roll
While the question at issue is tried.
And as soon as five sixes click out of the box,
The Judge, with an impassive face,
Says grimly, "Have done; the defendant has won.
The bailiff will call the next case."

It simplifies legal procedure a lot
(A thing badly needed today
With the courts far behind in the judicial grind)
To settle a case in this way.
And as for results—well, the litigants say
They're exactly as well satisfied
As they were in the days of unending delays,
When the Judge was the one to decide.

AT LEAST WE TRUST SO. There ought to be no shortage of talent for the Joliet B. B. Club next season.

MUCH THE SAME THING. It is still true that a man has no chance to escape death and taxes.

That Happens Often.

He had been sent to a certain suburb to tune a piano. He found the instrument in good condition and not in the least in need of attention. A few days later his employer received a letter from the owner of the piano, a lady of would-be musical proclivities, stating that the piano had not been properly tuned. It was no better than before.

The hapless tuner, receiving a reprimand from his employer, made another trip, only to find as before that there was nothing the matter with the instrument. This time he told the lady so.

"Yes," she admitted, "it does seem all right, doesn't it, when you play on it, but as soon as I begin to sing it gets all out of tune."—Pittsburgh Chronicle-Telegraph.
